REPORT ON THE BRUCE INSTITUTION FOR THE YEAR 1912.

NOTIFICATION.

No. 2832.—The 24th April 1913.—The following is published for general information.

H. F. SAMMAN,
Offg. Secy. to the Govt. of Bengal.

Report on the Bruce Institution for the year 1912.

I. *Control.*—(1) During the year under review the following gentlemen were appointed, under rule 10, to be Governors :—

(*a*) The Hon'ble Mr. A. M. Monteath, *vice* Mr. F. H. Stewart, resigned.

(*b*) The Revd. D. H. Manley, *vice* the Revd. R. C. Grose, resigned.

(*c*) The Revd. Father A. Van de Mergel, S.J. whose term of office had expired, was re-appointed.

(2) The Hon'ble Sir Richard Harington ceased, under rule 8, to be a Governor by effluxion of time.

(3) Mr. M. Prothero, who was retiring from the service of Government, resigned his appointment as a Governor in the month of December.

(4) The following is a list of the Governors holding office at the end of the year :—

The Hon'ble the Chief Justice of Bengal ...	*Ex-officio.*
The Most Revd. the Lord Bishop of Calcutta ...	
The Inspector-General of Civil Hospitals, Bengal ...	
The Chairman of the Calcutta Municipality ..	
The Director of Public Instruction, Bengal (Honorary Secretary.)	
The Hon'ble Mr. W. C. Madge, C.I.E.	
The Hon'ble Mr. A. M. Monteath.	
The Ven'ble Archdeacon Wickins.	
The Revd. Father A. Van de Mergel, S.J.	
The Revd. D. H. Manley.	

II. *Capital and Income.*—The capital of the institution stood, as in the previous year, at Rs. 10,51,200, of which Rs. 10,46,200 are in the form of a 3½ per cent. stock certificate of the year 1865. The balance, viz. Rs. 5,000, is invested in 3½ per cent. Government securities. The annual interest on the capital amounts to Rs. 36,792. The year opened with a balance of Rs. 3,035-15-6 and closed with a balance of Rs. 22,167-6. The reason why the opening balance was unusually small is that the second half-yearly interest of Rs. 18,396 for the year 1911, which is generally received in December, was not received till January 1912.

III. *Election to vacancies, etc.*—(1) The annual election of foundationers was held on the 9th February. For the 12 vacancies advertised 71 applications were received, but 2 vacancies having subsequently occurred, 14 girls were elected on the recommendation of a Sub-Committee consisting, of the Ven'ble Archdeacon Wickins, the Hon'ble Mr. W. C. Madge, the Revd. Father A. Van de Mergel, the Revd. R. C. Grose and Mr. M. Prothero. Of the girls elected, 8 were placed in the Loreto Convent, Entally (4 in the boarding school and 4 in the orphanage), 3 in the Calcutta Girls' High School, 2 in the Pratt Memorial School and 1 in the Calcutta Free School.

(2) Of the 12 girls withdrawn during the year, 7 had attained the age of 17 years, the limit ordinarily allowed under the rules, 1 girl was withdrawn on account of ill-health and 4 died.

(3) Of the girls who had been withdrawn during the preceding year, and in respect of whom reports have been received during the year under review, one is temporarily employed as a pupil-teacher in the school where she was educated, another is being trained for mission work and one girl was married.

(4) At the close of the year there were 137 girls on the foundation against an equal number in the preceding year. They were distributed as follows :—

Loreto Convent, Entally	Boarding School 37 Orphanage 25	...	62
Calcutta Girls' School	... ...	...	38
Pratt Memorial School	... ...	...	14
St. Paul's Mission Home	... ...	...	7
Calcutta Free School	... ...	...	3
La Martinière, Calcutta	... ...	...	2
Old Church Parochial Home	... ...	...	2
Loreto Convent, Asansol	... ...	...	3
Protestant European Orphanage, Cuttack	...	...	2
St. Andrew's Colonial Homes, Kalimpong	...	...	2
Dow Hill School, Kurseong	... ...	...	1
St. Joseph's Convent, Cuttack	... ...	...	1
	Total	...	137

(5) The following table affords particulars as to the class and religion of the foundationers at the close of the year :—

Class.	Roman Catholics.	Church of England	Non-conformists.	Total.
1. Orphans, or deserted by their parents.	23	11	11	45
2. Fatherless, or deserted by their fathers, or those whose fathers were incapable	39	22	21	82
3. Having father or both parents alive	3	3	4	10
Total ...	65	36	36	137

(6) The health of the girls was, on the whole, satisfactory. There were a few cases of illness, and three girls died of enteric fever.

IV. *Education and maintenance.*—(1) The nature of the education imparted to the girls on the foundation was generally that prescribed for Elementary and Higher Elementary Schools under the Code of Regulations for European Schools in Bengal. A few girls were prepared for the Cambridge Local Examinations. Two girls gained Elementary Scholarships of the value of Rs. 12 a month each.

(2) Parents and guardians are generally given the choice of any boarding school for the education of their children or wards who may be elected, provided that such a school has been approved by Government as suitable for girls enjoying the benefits of the Bruce Fund. A sum of Rs. 21-8 or Rs. 16 a month is paid for the education and maintenance of each foundationer in a boarding school or an orphanage, as the case may be. A sum of Rs. 40 or of Rs. 25 is also allowed for each foundationer for an outfit on joining a boarding school or an orphanage, as the case may be. Under the rules a girl is not ordinarily allowed to remain on the Fund after she has attained the age of 17 years, when an outfit of Rs. 50 is generally given to enable her to make a start in life. If, however, a girl elects to take up teaching as a profession an extension may be given under the rules. One such extension was granted during the year. Short extensions not exceeding a year are also generally allowed to girls who are preparing for examinations under the Code of Regulations for European Schools or for the Cambridge Locals, or who are learning shorthand or typewriting. One such extension was granted during the year.

(3) The monthly average cost of the education and maintenance of each girl on the Fund amounted to Rs. 19-0-4 against Rs. 18-11 in the preceding year.

(4) The amounts paid under the different heads of expenditure were as shown below :—

1912.	Rs.	A.	P.	1911.	Rs.	A.	P.

V. *Inspection.*—The Revd. Father A. Van de Mergel, S.J., was appointed Visiting Governor for the first-half, and re-appointed to the same office for the second-half, of the year. His reports were satisfactory. Father Van de Mergel stated in his first report that he found everything in a satisfactory state and heard no complaints worth mentioning, In his second report he again stated that, as far as he was able to ascertain, everything was in a very satisfactory condition, except that there had been an outbreak of enteric fever at one of the schools, and three of the Bruce wards fell victims to it, but that all danger seemed to have passed at the time of his visit.

VI. *Meetings.*—Four meetings were held during the year, and among the various resolutions passed the following may be noted :—

(1) That the scholarship money of Bruce foundationers should be utilised for the benefit of the holder. The scholarship should be drawn by the school authorities. A portion of it, if thought desirable, should be allotted, in consultation with the Visiting Governor, for immediate use, such as payment of fees for special instruction or for a little pocket-money to the girl, and the balance should be banked in her name.

(2) That the Visiting Governor should make enquiries, on the occasion of his visits to schools, as to whether there were any cases where the circumstances of parents or guardians of wards of the Bruce Institution had changed for the better, and should report such cases to the Governors for any action they might think desirable.

CALCUTTA,
The 31st March 1913.

G. W. KÜCHLER,
Honorary Secretary to the Governors.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 28th April 1913.

Summary.—During the week slight rain fell in some parts of the province: but most places are now beginning to cry out for want of rain. The preparation of land for the *bhadoi* crop as well as sowings are being retarded for this reason and rain is anxiously awaited. The weather continued hot and sultry accompanied in many places by a high wind. The average price of common rice rose by about one per cent. during the week. Scarcity of fodder is reported from some parts of Tippera and cattle-disease from parts of Murshidabad, Khulna, Burdwan, Birbhum, Bankura, Rangpur, Malda, Mymensingh and Noakhali.

SURVEY OF INDIA.

NOTIFICATION—No. 667.

APPLICATIONS are invited for the recruitment of about eight probationers in the Upper Subordinate Service of the Survey of India. Instructions for applicants are printed below.

T. F. B. RENNY-TAILYOUR, COLONEL, R.E.,
Offg. Surveyor-General of India.

SURVEYOR-GENERAL'S OFFICE, CALCUTTA, *the 1st May 1913.*

SURVEY OF INDIA.

Instructions for applicants for appointment to the Upper Subordinate Service of the Survey of India.

1. Every applicant must forward his application on the prescribed form addressed to the Officer in charge, Surveyor-General's Office, 13, Wood Street, Calcutta, accompanied by certificates as to age, character, education, health, etc., and by specimens of drawing. All applications must reach Calcutta on or before the 15th June 1913, after which date no application will be entertained. The applications of all Indian applicants must be countersigned by the Magistrate of the District or Town in which the applicant's family resides. Application forms and lists of certificates, etc., can be obtained from the Surveyor-General's Office.

2. All applicants must be over 18 and under 22 years of age on the 1st June 1913. They must be statutory natives of India, and all Indian applicants must be of pure Asiatic descent. All European and Anglo-Indian applicants must be unmarried and, if appointed, they will not be allowed to marry until they can satisfy the Surveyor-General that they are in a financial position to do so.

3. The Indian candidates must have passed the Intermediate Examination of an Indian University, or its equivalent. European and Anglo-Indian candidates must have passed the Final or High Standard Examination under the Code of Regulations for European Schools. Holders of Upper Subordinate Certificates from the Thomason College, Roorkee, will not be called upon to produce any further educational qualifications.

4. Every candidate will be required to sign an agreement, in the prescribed form, that he is prepared to serve in any part of India or Burma to which he may be sent and that he will not demand his discharge during the period of probation, nor for three years from the date of being permanently appointed to the Upper Subordinate Service and never during the field season.

5. The selected candidates will be required to join the Survey of India on or about the 1st September. They will be on probation for two years with a salary of Rs. 50 per mensem. They may be discharged by the Surveyor-General at any time during the period of probation, and will not be permanently appointed to the Upper Subordinate Service until they have completed their period of probation and satisfied the Surveyor-General that they are capable of executing the duties they will be called upon to perform and are also suitable in other respects. The term of probation may be prolonged by the Surveyor-General by one year at his discretion or by any period or periods passed by the probationer on sick leave. Probationary service, if followed by a permanent appointment, will count for leave and pension.

6. On being permanently appointed to the Upper Subordinate Service, an officer will be designated Sub-Assistant Superintendent and will receive pay at the rate of Rs. 80 per mensem rising by triennial increments of Rs. 15 to Rs. 200; but the Surveyor-General may at any time stop an increment in the case of an officer whose work or conduct is unsatisfactory. The service will also include eventually nine posts on Rs. 250.

PART I B.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 93T.M.—The 30th April 1913.—In exercise of the power conferred by section 23 (1) of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), His Excellency the Governor in Council is pleased to appoint the Deputy Commissioner of Darjeeling to be Chairman of the Darjeeling Municipality, in the district of Darjeeling.

Darjeeling.

No. 95T.M.—The 30th April 1913.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council makes the following amendment in rule 10 of the rules for the Maniktola Municipality, which were published under Notification No. 1963M., dated the 10th December 1908, at pages 173-75 of Part IB of the *Calcutta Gazette* of the 16th *idem*.

24-Parganas.

Amendment.

Strike out the last clause, namely:—"No rate-payer who will take a house connection . . . . . at the cost of the Commissioners," *from* rule 10, which runs as follows:—

"10. The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined, and no meter shall be fixed under ground unless in a brick well or chamber. No meter shall be disconnected from the service pipe or in any way interfered with except with the permission of the Chairman or officer representing him. The Commissioners shall depute some authorized person to read every meter not less than once a quarter, and shall give notice to the occupier at least 24 hours before the reading is recorded. If the quantity of water consumed in any quarter exceeds that to which the occupier is entitled, written notice to that effect shall be served upon him.

No rate-payer who will take a house connection through an one-eighth of an inch ferrule shall be required to fix a meter. But if the Commissioners have reason to suspect a wastage of water, a meter shall be fixed at the cost of the Commissioners.

Burdwan. *No. 97T.M.—The 30th April 1913.*—In exercise of the power conferred by section 27 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), His Excellency the Governor in Council is pleased to appoint Babu Dhirendra Nath Bhaduri to be a Commissioner of the Kalna Municipality, in the district of Burdwan, *vice* the Revd. Dr. E. Muir, resigned.

Jessore. *No. 107T.M.—The 30th April 1913.*—The following draft orders which the Governor in Council proposes to make in exercise of the powers conferred by sections 86 and 279 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), are published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 9th June 1913, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered.

Draft Orders.

In exercise of the power conferred by section 86 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to sanction the levy, by the Commissioners of the Jessore Municipality, in the district of Jessore, under sub-section (*1*) of section 279 of that Act, of a water-rate within the Jessore Municipality.

2. In exercise of the powers conferred by clause (*a*) of the first proviso to sub-section (*3*) of section 279 of the same Act, the Governor in Council is pleased to direct that the water-rate shall not be levied upon any house or land within the said Municipality, no part of which lies within a radius of 2,000 feet from the nearest stand-pipe or other supply of water available to the public.

24-Parganas. *No. 109T.M.—The 30th April 1913.*—In exercise of the power conferred by section 4 of the Bengal Survey Act, 1875 (Bengal Act V of 1875), the Governor in Council is pleased to appoint Major F. C. Hirst, I.A., to be Superintendent of Survey, *vice* Lieutenant-Colonel R. T. Crichton, C.I.E., I.A., for the purpose of carrying out the surveys of the Maniktala, South Suburban, Tollygunge and Cossipore-Chitpur Municipalities, which were ordered respectively in Notifications Nos. 120T.M., 121T.M. and 122T.M., dated the 29th April 1912 (published at page 76 of Part IB of the *Calcutta Gazette* of the 1st May 1912), and No. 444M., dated the 17th February 1913 (published at pages 33 and 34 of Part IB of the *Calcutta Gazette* of the 19th *idem*), and for all purposes of the said Act in relation thereto.

Midnapore. *No. 117T.M.—The 2nd May 1913.*—In exercise of the power conferred by clause (*a*) of section 59 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), His Excellency the Governor in Council is pleased to approve the resolution passed by the Commissioners of the Chandrakona Municipality, in the district of Midnapore, under section 27 of that Act, electing Babu Guru Das Ray to be Chairman of that Municipality, *vice* Pandit Bharat Ramanuj Das Mahanta, on leave.

Tippera. *No. 119T.M.—The 2nd May 1913.*—Whereas the Commissioners of the Comilla Municipality, in the district of Tippera, have ordered that a survey be made of the lands situated in that Municipality, and whereas the provisions of the Calcutta Survey Act, 1887 (Bengal Act I of 1887), consequently apply to that Municipality by virtue of section 223A of the Bengal Municipal Act, 1884 (Bengal Act III of 1884);

And whereas it is expedient that certain appointments should be made under the said Calcutta Survey Act, 1887, for the purpose of the said survey:

Now, therefore, the Governor in Council is pleased—

(1) In exercise of the power conferred by section 3 of the Calcutta Survey Act, 1887, to appoint the Collector of Tippera as Superintendent of Survey and Captain A. H. Gwyn, I.A., Assistant

Director of Surveys, and Mr. Ganga Charan Chatterjee, Additional District Magistrate, as Assistant Superintendents of the said survey; and

(2) In exercise of the power conferred by section 11 of the same Act to appoint the Commissioner of the Chittagong Division to be the authority to whom appeals referred to in that section shall lie.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Albion Jute Mill siding, in the district of 24-Parganas, will be put up to sale at 8 A.M. on Saturday, the 21st June 1913, corresponding with the 7th *Ashar* 1320 B.S., at Budge-Budge Railway Station.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Khulna, will be put up to sale at the Khulna Collectorate on the 25th June 1913, corresponding with 11th Asar 1320 B.S.

The purchasers will be subject to the following conditions of sale :—

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 25th April, 1913.

No. 38.—The Governor General has been pleased, under Rule 23 of the Rules for the conduct of the Legislative Business of the Council of the Governor General, to order the publication in English in the Gazette of India and in the local official Gazettes of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly hereby published for general information :—

No. 3 OF 1913.

A Bill to amend the Indian Companies Act, 1913.

II of 1913. WHEREAS it is expedient to amend the Indian Companies Act, 1913 : It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Companies (Amendment) Act, 1913.

I of 1913. Insertion of new sections 83A, 83B, and 83C in Indian Companies Act, 1913. 2. After section 83 of the Indian Companies Act, 1913 (hereinafter referred to as the said Act), the following heading and sections shall be inserted, namely :—

"*Directors.*

Directors obligatory. **83A.** Every company other than a private company shall have a director or directors.

Appointment of directors. **83B.** In default of and subject to any regulations in the articles of a company other than a private company

(*i*) the subscribers of the memorandum shall be deemed to be the directors of the company until the first directors shall have been appointed ;

(*ii*) the directors of the company shall be appointed by the members in general meeting ; and

(*iii*) any casual vacancy occurring among the directors may be filled for the remainder of the term by the continuing directors.

Majority of directors to be persons not members of managing firm. **83C.** When a firm is manager of a company other than a private company then, notwithstanding anything in the articles of the company, there shall be not less than three

directors of the company, and the majority of such directors shall be persons who are not members of such firm:

Provided that this section shall not apply to a company limited by shares as long as such firm or the members thereof hold as sole absolute beneficial owners and not merely as trustees not less than three-fourths of the total number of the shares in the company which confer on the holder the right to vote at a general meeting of the company."

Insertion of new sections 91A and 91B in Indian Companies Act, 1913.

3. After section 91 of the said Act, the following sections shall be inserted, namely :—

Disclosure of interest of directors in contracts made by a company.

"**91A.** (*1*) When by the articles of a company a director is permitted to contract with the company, such director, if he is directly or indirectly concerned or interested in any contract or arrangement entered into by or on behalf of the company, shall disclose the nature of his interest at the meeting of the directors at which the contract or arrangement is determined on if his interest then exists, or in any other case at the first meeting of the directors after the acquisition of his interest or the making of the contract or arrangement, and no such director shall as a director vote in respect of any such contract or arrangement; and if he does so vote, his vote shall not be counted.

(*2*) If in such a case a company enters into a contract for the appointment of a manager in which contract any director of the company is directly or indirectly concerned or interested, or varies any such existing contract, the company shall send an abstract of the terms of such contract or variation, as the case may be, together with a memorandum clearly indicating the nature of the interest of the director in such contract, or in such variation, to every member and the contract shall be open to the inspection of any member at the registered office of the company.

(*3*) If a company makes default in complying with the requirements of sub-section (*2*), it shall be liable to a fine not exceeding one thousand rupees, and every officer of the company who knowingly and wilfully authorises or permits the default, shall be liable to the like penalty.

Contracts by agents of company in which company is undisclosed principal.

91B. (*1*) Every manager or other agent of a company other than a private company who enters into a contract for or on behalf of the company in which contract the company is an undisclosed principal shall, at the time of entering into the contract, make a memorandum in writing of the terms of the contract, and specify therein the person with whom it has been made.

(*2*) Every such manager or other agent shall forthwith deliver the memorandum aforesaid to the company, and such memorandum shall be filed in the office of the company and laid before the directors at the next directors' meeting.

(*3*) If any such manager or other agent makes default in complying with the requirements of this section—

(*a*) the contract shall, at the option of the company, be void as against the company, and

(*b*) such agent shall be liable to a fine not exceeding two hundred rupees."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to supplement the Indian Companies Act, 1913, in respect of certain matters relating to the internal management of companies. This supplemental legislation was considered desirable by the Select Committee of the latter Bill in view of the system, to a large extent peculiar to India, by which some companies are managed by firms of Managing Agents whose relationship to the companies they manage is different from that of a director to his company in England. The Select Committee was of opinion that, in view of the intrinsic importance of these provisions and the fact that they had not been formally before the country, they should be circulated before taking their place in the law. The provisions of this Bill are designed to secure firstly, that every company should have Directors; secondly, that the majority of the directors of every company shall be independent of the Managing Agents, exception being made in the case of private companies and of companies in which the Managing Agents themselves hold a predominant voting power; thirdly, that interested directors shall disclose their interest in contracts to the other directors, and, in the case of contracts appointing Managing Agents or any variations of such contracts, to the shareholders; fourthly, that in the case of contracts by agents of a company, other than a private company, in which the company is an undisclosed principal, a memorandum in writing of the terms of the contract shall be made and communicated to the company. It is proposed that this Bill should come into operation on the same date as the Indian Companies Act, 1913, namely, on the 1st April, 1914.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 5th May 1913.

Summary.—The weather continued hot and sultry up till the end of the week, when a welcome thunderstorm came, accompanied by a marked fall in temperature. The sowing of the *bhadoi* crop has so far been retarded for want of rain; but prospects ought now to improve. The price of rice shows a slight tendency to rise. Scarcity of fodder and water is reported from some parts of Tippera and Noakhali. Scarcity of water is also reported in parts of Jessore, Midnapore and Chittagong. Cattle-disease is reported from parts of Murshidabad, Khulna, Malda, Tippera and Noakhali.

SANSKRIT COLLEGE, CALCUTTA, *the 27th April 1913.*

PRESIDENCY COLLEGE, SESSION 1913-14.

APPLICATIONS for admission to Presidency College will be received on and after the 15th May, or some later date announced by public advertisement. Applications received during the fifteen days subsequent to the published date will be first considered. Applications received after this later date can only be considered if the classes to which admission is sought have not been filled up already from among candidates who apply before.

Applications must be made on a printed form. This will be supplied together with a statement shewing the combinations of subjects which may be offered by Presidency College students at the Intermediate, B.A. and B.Sc. Examinations and other conditions of admission on receipt of a stamped and addressed envelope or upon personal application at the College office.

Applications for admission to the first-year class should be accompanied by a statement of the marks obtained at the Matriculation Examination.

All communications should be addressed "The Principal, Presidency College, Calcutta," *not by name.*

The attention of Presidency College students who pass the Intermediate and Degree Examinations is specially called to the importance of application *within the dates above specified.* Their prior claim is recognized, but this does not remove the necessity in present circumstances of formal application on their part.

E. P. HARRISON.
Professor in charge, Presidency College.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Albion Jute Mill siding, in the district of 24-Parganas, will be put up to sale at 8 A.M. on Saturday, the 21st June 1913, corresponding with the 7th Asharh 1320 B.S., at Budge Budge Railway Station.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase money exceed Rs. 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Advertisement.

THE Board of Revenue, L. P., have approved of a proposal to sell the property, known as the Jhalakaty Bandar, belonging to the Court of Wards Estate Bhukailash II, and offers for the property which will be taken to hold good for four months from date of receipt by me are hereby invited. Offers should be sent by registered post and addressed to the undersigned by name. They will be awaited till the 1st of July.

The Bandar is a flourishing and valuable property on the Jhalakaty River. It is situated almost entirely on Taluk Ganji Morogh Shaheba Benami Khos Kharida Kumar Satya Sharan Ghosal Bahadur in Kismat Roy Mongal, bearing Bakarganj Collectorate tauzi No. 3853, on which revenue amounting to Rs. 27-12-7 and cesses of Rs. 4-4-3 only are payable to Government annually. The yearly net profit is reported to be over Rs. 12,500. Average collections for the past three years from all sources from the Bandar amounted to about Rs. 15,800. The property is within the Jhalakati Municipal limits. A reserve price of Rs. 3,75,000 has been fixed. Intending buyers may obtain further particulars from the Court of Wards Manager at Jhalakati.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Acts of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 625L., dated the 3rd May, 1913.—The following Act, passed by the Legislative Council of the Governor of Bengal, received the assent of His Excellency the Governor on the 4th April, 1913, and, having been assented to by His Excellency the Viceroy and Governor General on the 26th idem, is hereby published for general information :—

BENGAL ACT No. IV OF 1913.

An Act further to amend the law in force in Bengal relating to public gambling.

WHEREAS it is expedient further to amend the law in force in Bengal relating to public gambling;

And whereas the sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act ;

It is hereby enacted as follows :— 55 & 56 Vict., c. 14.

Short title.

1. This Act may be called the Bengal Public Gambling (Amendment) Act, 1913.

Amendment of definitions as to gaming.

2. For the definitions of "common gaming-house," "gaming" and "instruments of gaming," in section 59 of the Howrah Offences Act, 1857, section 3 of the Calcutta Police Act, 1866, and section 1 of the Bengal Public Gambling Act, 1867, the following shall be substituted, namely :— Act XXI of 1857. Ben Act IV of 1866. Ben Act II of 1867.

"'gaming' includes wagering or betting [except wagering or betting upon a horse-race, when such wagering or betting takes place —

(*a*) on the day on which such race is to be run, and

(*b*) in an enclosure which the Stewards controlling such race have, with the sanction of the Local Government, set apart for the purpose],

but does not include a lottery;

'instruments of gaming' includes any article used as a means or appurtenance of, or for the purpose of carrying on or facilitating, gaming; and

'common gaming-house' means any house, room, tent, or walled enclosure, or space, or vehicle, or any place whatsoever, in which any instruments of gaming are kept or used for the profit or gain of the person owning, occupying, using or keeping such house, room, tent, enclosure, space, vehicle or place, whether by way of charge for the use of such house, room, tent, enclosure, space, vehicle, place or instruments or otherwise howsoever."

Exemption of games of mere skill.

3. (*1*) After section 15 of the Howrah Offences Act, 1857, the following shall be inserted, namely:— XXI of 1857.

Exemption of games of mere skill.

"15A. Nothing in sections 10 to 15 shall apply to any game of mere skill, wherever played."

(*2*) After section 50 of the Calcutta Police Act, 1866, the following shall be inserted, namely:— Ben. Act IV of 1866.

Exemption of games of mere skill.

"50A. Nothing in sections 44 to 50 shall apply to any game of mere skill, wherever played.

(*3*) After section 11 of the Bengal Public Gambling Act, 1867, the following shall be inserted, namely:— Ben. Act II of 1867.

Exemption of games of mere skill.

"11A. Nothing in this Act shall apply to any game of mere skill, wherever played."

Amendment of section 11 of Bengal Act II of 1867.

4. For the words "playing for money or other valuable thing with cards, dice, counters, or other instruments of gaming used in playing any game not being a game, of mere skill", in section 11 of the Bengal Public Gambling Act, 1867, the word "gaming" shall be substituted. Ben. Act II of 1867.

Repeal.

5. The following enactments are hereby repealed, namely:—

(*1*) the definition of "common gaming-house" in section 51 of the Calcutta Suburban Police Act, 1866; Ben. Act II of 1866.

(*2*) the words "three successive numbers of", in section 2 of the Bengal Public Gambling Act, 1867; Ben. Act II of 1867.

(*3*) section 10 of the Bengal Public Gambling Act, 1867; and Ben. Act II of 1867.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 12th May 1913.

Summary.—During the week under review thunderstorms occurred throughout the province accompanied by rain. The rain has done immense good to the standing crops and has greatly facilitated the sowing of jute and *aus* paddy, which is now approaching completion. More rain is, however, wanted. The price of rice shows on the average a slight tendency to rise, probably due to the recent rain. At Tangail, however, the price still stands at 6¾ seers to the rupee. Scarcity of fodder and water is reported from some parts of Tippera and scarcity of water is reported from parts of Midnapore, Burdwan and Dinajpur. Cattle-disease is reported from six districts.

CALCUTTA.
The 10th April 1913.

J. R. BLACKWOOD.
Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third and Final Forecast of the Wheat Crop of Bengal, 1912-13.

(Note.—On the average of the five years ending 1910-11, the area under wheat in Bengal represents some 0·6 per cent. of the total area under wheat in India. The ratio of irrigated wheat acreage to the total acreage in (a) British India and (b) the territory now reported on, has, in the five years ending 1910-11, averaged (a) 40·0 and (b) 10·7 per cent., respectively.)

Character of the season.—The chief wheat-growing districts in Bengal are Malda, Murshidabad, Nadia and Pabna. Owing to good rain in September and October sowings generally commenced at the usual time. They were a little late in Malda and in parts of Burdwan and Rangpur owing to want of timely rain. Good showers in the beginning of November generally facilitated the growth of the crop. During December there was no rain, and insufficient rainfall in January adversely affected the growth of the crop. The rainfall in February, being general over the province, improved prospects in some places; but being excessive in other places caused some damage. The season on the whole, though better than last year, has not been up to average.

Acreage.—The total area sown with the crop this year as estimated by the district officers is 146,000 acres against 113,000 acres last year.

Outturn.—The average of district officers' estimates of outturn per acre works out to 91 per cent. against 85 per cent. of the normal last year. The information available does not justify the adoption of any other estimate. Taking the normal yield to be 10½ maunds per acre, the total yield is estimated to be 51,200 tons against 46,900 tons last year, or an increase of about 9 per cent.

At the end of April the average price of wheat at the principal marts of the province was Rs. 4 per maund, or 2 per cent. less than the price ruling at the same date last year, and 1 per cent. less than in 1911. The average wholesale price of common rice on the other hand for the province at the end of April was 19 per cent. and 38 per cent. higher than corresponding dates in 1912 and 1911, respectively.

J. R. BLACKWOOD,

Director of Agriculture, Bengal.

CALCUTTA,

The 13th May 1913.

APPENDIX I.

Third and Final Forecast of the Wheat Crop of Bengal, 1912-13.

DISTRICT.	Estimated normal area under wheat.	Estimated area under wheat.		Estimated outturn as a percentage of the normal yield per unit of area.		Date by which the harvesting generally commenced this year, and whether that date was early, normal or late.	REMARKS BY DISTRICT OFFICERS.
		Last year.	This year.	Last year.	This year.		
1	2	3	4	5	6	7	8
	Acres	Acres.	Acres.				
Nadia	23,100	16,100	17,700*	83	83	Middle of March. Normal.	The weather has been favourable. No damage has been done to the crop from any causes. The increase of area as compared with the estimate in the second forecast is due to revision of figures for Kumarkhali thana.
Murshidabad ...	69,300	36,300	37,300	83	92*	Beginning of March. Normal.	Owing to want of rainfall in February and March the growth of the crop was not very favourable and the damage thus caused to the crop is about one anna. Hence the outturn has fallen below the normal. The increase in area was due to sowing of some paddy lands with wheat, as these lands were not cultivated with paddy for want of rain.
Jessore	1,700	1,200	1,000	75	83*	End of March Normal.	Conditions have been favourable for the growth of the crop.
Burdwan	1,800	2,000	2,000	100	108	March	The weather has been favourable throughout the district and the growth of the crop was good.
Birbhum	5,000	4,000	5,000	92	100	Second week of March. Normal.	The weather has been favourable and the outturn is anticipated to be normal. The increase of area as compared with that of last year is due to good rainfall at sowing time.
Bankura	3,500	3,700	3,800	83	83	Latter part of March. Normal.	Since the submission of the second forecast there has been nothing special to remark except that the rain in the latter part of February and in the beginning of March caused a light damage to the crop.
Midnapore	2,600	1,500	1,400	83	75	Beginning of March. Normal.	The weather has been moderately favourable. The anticipated outturn is below the normal owing to rainfall at the harvesting time.
Hooghly	2,400	1,600	1,700	75	83	First week of April. Normal.	The weather conditions have been fair. The increase of area compared with that of last year is due to timely rainfall.
Rajshahi	8,500	7,900	7,600	60	65	Early part of March ...	The weather conditions have been fair. The outturn estimated has fallen below the normal owing to want of rainfall in December and January.
Dinajpur	1,000	1,600	1,300	80	57*	Latter part of March; rather late.	The weather has not been favourable. There was excessive rainfall in November, which caused the decrease in area this year. The outturn is anticipated to fall below the normal.
Jalpaiguri	1,000	600	1,100	75	75	Middle of March. Normal.	Foul weather greatly retarded the cultivation at the outset, but the rain favoured the growth afterwards. Owing to excessive rainfall in November the outturn is below the normal.
Darjeeling	4,500	4,500	4,500	69	85*	October. Normal ...	The weather has been moderately favourable and the growth of the crop was fair.
Rangpur	3,000	3,500	3,500	100	100*	First week of March. Normal.	Owing to drought in December and January and insect-pests about 10 per cent. of the crop was damaged, but since then the weather has been favourable and outturn has reached the normal.
Pabna	16,000	16,000	16,000	80	100	Beginning of March. Normal.	The weather conditions have been fair. There has been no damage from drought, insect-pests or crop diseases.
Malda	60,000	40,000	40,000	90	95*	March. Normal ...	The sowing of the crop was late owing to want of timely rainfall, but this was favourable for the growth. Since the submission of the second forecast, the weather has not been favourable. Some damage was caused to the crop by the rain of February. Hence the outturn has been shown 5 per cent. less than what was estimated in the second forecast.
Faridpur	2,000	2,100	2,400	87	90	End of March. Normal.	The weather conditions have been fair. The outturn could not reach the normal owing to want of timely rainfall.
Total ...	207,400	143,000	146,000	85	91*

MEDICAL COLLEGE OF BENGAL.

RULES FOR THE GUIDANCE OF STUDENTS SEEKING ADMISSION.

1. Three classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.
(*b*) "Casual," or those who enter for selected or isolated subjects.
(*c*) "Military class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate Prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the—

(*a*) "Regular class" is the Matriculation pass certificate of the Calcutta University ;

(*b*), (*c*) "Casual"—Matriculation or Entrance pass certificate of the Calcutta or other Indian Universities, or the pass certificate of an examination equivalent to the Matriculation or Entrance Examination.

3. The session commences on the 15th June.

4. All new students must apply for admission in the prescribed form available in the office before the 25th May, and, if selected, "Regular students" must pay the following fees on or before the 7th June, failing which their names will be struck off the selected list :—

	Rs.
Admission fee	15
Fees for summer term	48
Athletic club fee	1
Total ...	64

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission is given to candidates according to superiority of qualifications.

Ten per cent. of the number to be admitted will be reserved for pure Biharis and 5 per cent. for each of pure Uriyas and Assamese and 2 per

cent. for Chota Nagpuris provided they have passed the Matriculation Examination of the Calcutta University. This rule will remain in force until further orders.

6. (*a*) All regular students must pay, in addition to the fees noted below [(*b*) to (*i*)], an annual fee of Rs. 96 in two instalments, viz., Rs. 48 on the 15th June and Rs. 48 on the 1st November. Fees once paid cannot be refunded.

(*b*) All regular students have to pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the summer term.

(*c*) The fee for each course of Dissection is Rs. 6, payable with the winter session fee of second- and third-year classes.

PROSPECTUS OF THE GOVERNMENT COMMERCIAL INSTITUTE.

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates but in a liberal manner.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, and Banking and Currency, ending annually in Commercial Course Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists or Book-keepers, and of gaining an intelligent insight into the economical, financial or legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial firms or in Government offices generally, and who, if he is destined for commercial life and is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, has the makings of a more useful assistant aspiring to be a businessman.

THE DAY COURSE.

4. There are two day classes, a first-year class and a second-year class. For the students of these classes the following course of study is prescribed :—

(1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.

(2) Arithmetic, including commercial and mental arithmetic.

(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.

(4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.

(5) Commercial Geography.

5. Arrangements are made to enable those students who may wish to do so to take up two or all of the following subjects, namely, book-keeping, shorthand-writing and typewriting.

6. *English.*—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

7. *Modern Bengali, including Bengali commercial correspondence, etc.*—In Bengali "Kapalkundala" by Bankim Chandra Chatterjea is prescribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis* in Bengali of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed, and *vice versâ*.

8. *Commercial Geography.*—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are "Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "Elementary Commercial Geography" by H. R. Mill, and "A School Economic Atlas" by J. G. Bartholomew.

9. *Commercial and Mental Arithmetic.*—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic" are used.

10. *Shorthand.*—During the first year of the course the students are thoroughly grounded in the theory of Pitman's Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. "Pitman's Shorthand Instructor" is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

11. *Typewriting.*—The "Touch" system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years' course. Dexterous students are found capable of attaining the maximum speed prescribed for the examination, viz., 55 words per minute. The intermediate standard of speed test is 40 words per minute. They have also to pass a tabulating examination corresponding to each speed test.

12. *Book keeping.*—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have a satisfactory grounding in English and Arithmetic. In this course there is taught a Double Entry system with simple accounts and commercial transactions. Students are taught to open and keep the following books: Journal, Purchase Day Book, Sales Day Book, Cash Book, Bill Book and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and preparation of Balance Sheet and Profit and Loss Accounts.

13. The fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

14. The classes are held between 11 A.M. and 4 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

15. The session begins annually about the end of June and closes about the middle of April. The usual Autumn and Christmas holidays are given.

16. Candidates who have passed the "C" class examination of high schools or the Matriculation examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a

preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

17. Graduates and Intermediates may be admitted in the second-year class, provided they take up only Typewriting among the subjects mentioned n section (4), paragraph 4. They may be allowed to take up Shorthand or Book-keeping, provided they have sufficient knowledge in Shorthand or Book-keeping, as the case may be.

18. Candidates for admission should send in their applications to the Principal annually before the end of June.

THE EVENING COURSE.

The session begins annually about the end of June and closes abont the middle of April.

19. There are at present Evening classes for the following subjects: Shorthand-writing, Typewriting and Book-keeping.

20. If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees are repaid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Modern English.

21. A student may be a member of one or more classes at his option.

22. *Shorthand.*—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturdays and holidays).

23. *Typewriting.*—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 P.M. and the second from 6-30 to 8 P.M. (except on Saturdays and holidays).

24. *Book-keeping.*—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

(*a*) In the first-year class, ending with the Commercial Course Special Examination in Elementary Book-keeping, the course is similar to that prescribed for the day course.

(*b*) In the second-year class ending in the Commercial Course Special Examination in Advanced Book-keeping, the course includes matters as under:—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and recoupment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are

dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

25. Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

26. *Examinations.*—The following examinations are held annually in April :—

(1) The Commercial Course Final Examination.
(2) A Special Examination in Mercantile Law.
(3) Ditto ditto Banking and Currency.
(4) Ditto ditto Outline of Political Economy.
(5) Ditto ditto Annuities and Insurance.
(6) Ditto ditto Modern English.
(7) Ditto ditto Book-keeping (Elementary).
(8) Ditto ditto Book-keeping (Advanced).
(9) Ditto ditto Shorthand-writing.
(10) Ditto ditto Typewriting.

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination.

27. *Prizes.*—First and second prizes of Rs. 50 and 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects :—

Modern English, Shorthand, Advanced Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance, and Economy.

Three prizes are offered by the Remington Typewriter Company to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

28. The Commercial Course Final Examination at the end of the two years' Day Course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

29. Up till now the Institute has turned out 279 successful candidates in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could, therefore, make the best use of the training received here, have risen above the level and are now drawing from Rs. 60 to Rs. 120, some of them having even received two or three increases in the course of a year and are reported to be shaping very well in their respective spheres.

30. The Bengal Chamber of Commerce has recently issued a circular letter containing a request to its members to make it a rule to take the

passed students of the Day classes, whenever possible, in preference to other clerks.

In its Notification No. 4122Mis., dated the 24th November 1911, the Government has recognised the comprehensiveness and thoroughness of the course of studies prescribed for our Final Examination by adopting it, with slight elimination and addition, for the Secretariat Clerical Service Examination, and has declared our successful candidates in the Final Examination as eligible to appear for it along with those who have passed the Intermediate and higher examinations of an Indian University.

31. Candidates for admission should send in their applications to the Principal annually before the end of June.

Barisal, the 13th May 1913. RAJANINATH BOSE, *for* Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Albion Jute Mill siding, in the district of 24 Parganas, will be put up to sale at 8 A.M. on Saturday, the 21st June 1913, corresponding with the 7th *Ashar* 1320 B.S. at Budge Budge Railway Station.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue free to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Khulna, will be put up to sale at the Khulna Collectorate on the 25th June 1913, corresponding with 11th Asar 1320 B.S.

The purchasers will be subject to the following conditions of sale :—

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR APRIL 1913.

I. *Character of the season.*—During the month under review, rain fell all over the Province, but was below the average everywhere. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Planting of sugarcane and preparation of lands for next season's crops continued during the month. Harvesting of *rabi* crops was nearly finished. Sowings of *bhadoi* crops, which continued during the month, were retarded for a time for want of sufficient rain.

III. *State of standing crops.*—The standing crops were reported to be generally doing well.

IV. *Prospects and probable outturn of harvests.*—The prospects of standing crops were not very favourable for want of sufficient rain. In places they were reported to be withering.

V. *Damage to standing crops.*—Considerable damage was reported to have been done to standing crops in Khulna by *mojra* and other insects.

VI. *Condition of agricultural stock.*—The condition of agricultural stock was on the whole good. Cattle-disease was, however, reported from places in Nadia, Murshidabad, Jessore, Khulna, Burdwan, Birbhum, Bankura, Rajshahi, Dinajpur, Rangpur, Dacca, Mymensingh and Noakhali.

VII. *Failure of pasturage and fodder.*—The supply of fodder and water was sufficient except in parts of Pingla thana in the district of Midnapore, and except in the Chandpur subdivision of Tippera, where scarcity of water only was reported since the second week of the month. During the last week of the month water scarcity was also apprehended in Pabna.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review, the price of common rice rose in 12 districts, fell in three, and remained stationary in the rest. It varied from 6 seers a rupee in Darjeeling to 10 seers a rupee in Chittagong.

IX. *Condition of agricultural people.*—The condition of the agricultural population was favourably reported upon.

J. R. BLACKWOOD,
Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1912-13.

(Note.—On the average of the five years ending 1910-11, the area under linseed in Bengal represents some 7·5 per cent., and that under rape and mustard 22·9 per cent., of the total areas under these crops in British India.)

Character of the season.—The rainfall in September and October was general and sufficient for the sowings of the crops in normal time. The sowings were a little late in Khulna, Malda, Noakhali and in parts of Jalpaiguri, Dacca and Chittagong. There were good showers of rain in the beginning of November, which generally favoured the growth of the crops. This was followed by general drought in December and insufficient rainfall in January which affected the outturn in most districts. The rainfall in February being general over the Province improved prospects; but being generally excessive, it also caused damage in some places. Injury by insects was also reported from Murshidabad, Midnapore, Rangpur, Dacca and Faridpur. The season on the whole has not been uniformly favourable.

Acreage.—Oilseeds are grown chiefly in the Dacca, Rajshahi and Presidency Divisions. The total area sown this year with different kinds of oilseeds, excepting til, is estimated at 1,571,000 acres against 1,574,900 acres of last year.

Outturn.—The outturn of the different kinds of oilseeds according to District Officers' estimates works out to 90 per cent. of the normal against 84 per cent. of last year.

Taking 6 maunds per acre as the normal rate of yield for linseed, rape and mustard and 4½ maunds per acre for other oilseeds, the total yield is estimated at 308,900 tons against 289,000 tons of last year.

CALCUTTA,
The 14th May 1913.

J. R. BLACKWOOD,
Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 19th May 1913.

Summary.—During the week under review thunderstorms accompanied by rain continued throughout the Province. Although therefore the sowings of the *bhadoi* crops were retarded in April, the conditions are now very favourable. Sowings are approaching completion in the Eastern districts of the Province and are being vigorously prosecuted in the Western districts. The prospects of standing crops are now favourable. More rain is, however, desirable in the districts of Murshidabad, Dinajpur and Rangpur. The price of rice shows an average tendency to rise this week. Scarcity of fodder and water is still reported from parts of Tippera and Midnapore and cattle-disease is reported from nine districts.

NOTIFICATION.

No. 850A.D.—The 26th May 1913.—The following rules are added to the rules for admission into the Executive Branch of the Provincial Civil Service and into the Subordinate Civil Service, promulgated with this Government Notifications Nos. 3071A.D., dated the 29th August 1912, and 1595A., dated the 20th February 1913:—

15 (*e*).—Officers, who have been promoted from temporary employment in the Settlement Department or in other work of a similarly arduous nature, and who continue in such work after their appointment to the Executive Branch of the Provincial Civil Service, will be exempted from passing the Lower Standard of Departmental Examination and will be eligible for confirmation and promotion, provided they are otherwise qualified. Officers of this class, who are retained in Settlement or other work indicated above, will also be exempted from passing the Higher Standard so long as they remain on such work. But no officer shall benefit by this exemption for a period of more than three years. At the end of three years every officer, who has not passed the Higher Standard of examination, will ordinarily be transferred to the general line and receive no further promotion till he passes the Examination.

15 (*f*).—Officers, other than those mentioned in the preceding clause, should not ordinarily be deputed to Settlement work or duties of a similarly arduous nature till they have passed the Departmental Examination completely by both Standards. When, however, an officer, who has not passed his examination, is employed on such duties, Government will be prepared to consider the question of suspending his liability to pass the examinations until he is relieved of those duties and of allowing his promotion or confirmation to go on as if he had passed. The case of each such officer will be reported to Government and will be considered on its own merits. An officer, temporarily exempted under this rule, will, on being relieved of his duties, be required to pass completely at the first or second * Departmental Examination following his relief, and if he cannot do so, his promotion or confirmation will then be regulated in accordance with the ordinary rules.

N.B.—Rules 15 (*e*) and (*f*) apply, *mutatis mutandis*, to the Subordinate Civil Service also.

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

* If the time intervening between the date of relief of any such officer and the date of the following Departmental Examination be less than two months, the ordinary rules will be enforced, if he cannot pass at the third Departmental Examination held after the date of relief

MEDICAL COLLEGE OF BENGAL.

RULES FOR THE GUIDANCE OF STUDENTS SEEKING ADMISSION.

1. Three classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.

(*b*) "Casual," or those who enter for selected or isolated subjects.

(*c*) "Military class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate Prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the—

(*a*) "Regular class" is the Matriculation pass certificate of the Calcutta University;

(*b*) and (*c*) "Casual"—Matriculation or Entrance pass certificate of the Calcutta or other Indian Universities, or the pass certificate of an examination equivalent to the Matriculation or Entrance Examination.

3. The session commences on the 15th June.

4. All new students must apply for admission in the prescribed form available in the office before the 25th May, and, if selected, "Regular students" must pay the following fees on or before the 7th June, failing which their names will be struck off the selected list:—

	Rs.
Admission fee	15
Fees for summer term	48
Athletic club fee	1
Total ...	64

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission is given to candidates according to superiority of qualifications.

Ten per cent. of the number to be admitted will be reserved for pure Biharis and 5 per cent. for each of pure Uriyas and Assamese and 2 per

cent. for Chota Nagpuris provided they have passed the Matriculation Examination of the Calcutta University. This rule will remain in force until further orders.

6. (*a*) All regular students must pay, in addition to the fees noted below [(*b*) to (*i*)], an annual fee of Rs. 96 in two instalments, viz., Rs. 48 on the 15th June and Rs. 48 on the 1st November. Fees once paid cannot be refunded.

(*b*) All regular students have to pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the summer term.

PROSPECTUS OF THE GOVERNMENT COMMERCIAL INSTITUTE.

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates but in a liberal manner.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, and Banking and Currency, ending annually in Commercial Course Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists or Book-keepers, and of gaining an intelligent insight into the economical, financial or legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial firms or in Government offices generally, and who, if he is destined for commercial life and is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, has the makings of a more useful assistant aspiring to be a businessman.

THE DAY COURSE.

4. There are two day classes, a first-year class and a second-year class For the students of these classes the following course of study is prescribed :—

(1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.

(2) Arithmetic, including commercial and mental arithmetic.

(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.

(4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.

(5) Commercial Geography.

5. Arrangements are made to enable those students who may wish to do so to take up two or all of the following subjects, namely, book-keeping, shorthand-writing and typewriting.

6. *English.*—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

7. *Modern Bengali, including Bengali commercial correspondence, etc.*—In Bengali "Kapalkundala" by Bankim Chandra Chatterjea is prescribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis* in Bengali of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed, and *vice versâ*.

8. *Commercial Geography.*—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are "Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "Elementary Commercial Geography" by H. R. Mill, and "A School Economic Atlas" by J. G. Bartholomew.

9. *Commercial and Mental Arithmetic.*—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic" are used.

10. *Shorthand.*—During the first year of the course the students are thoroughly grounded in the theory of Pitman's Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. "Pitman's Shorthand Instructor" is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

11. *Typewriting.*—The "Touch" system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years' course. Dexterous students are found capable of attaining the maximum speed prescribed for the examination, viz., 55 words per minute. The intermediate standard of speed test is 40 words per minute. They have also to pass a tabulating examination corresponding to each speed test.

12. *Book keeping.*—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have a satisfactory grounding in English and Arithmetic. In this course there is taught a Double Entry system with simple accounts and commercial transactions. Students are taught to open and keep the following books: Journal, Purchase Day Book, Sales Day Book, Cash Book, Bill Book and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and preparation of Balance Sheet and Profit and Loss Accounts.

13. The fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

14. The classes are held between 11 A.M. and 4 P.M. except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

15. The session begins annually about the end of June and closes about the middle of April. The usual Autumn and Christmas holidays are given.

16. Candidates who have passed the "C" class examination of high schools or the Matriculation examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a

preliminary test examination of a similar standard that they have sufficient general education to enable them to derive advantage from the teaching.

17. Graduates and Intermediates may be admitted in the second-year class, provided they take up only Typewriting among the subjects mentioned in section (4), paragraph 4. They may be allowed to take up Shorthand or Book-keeping, provided they have sufficient knowledge in Shorthand or Book-keeping, as the case may be.

18. Candidates for admission should send in their applications to the Principal annually before the end of June.

THE EVENING COURSE.

The session begins annually about the end of June and closes about the middle of April.

19. There are at present Evening classes for the following subjects: Shorthand-writing, Typewriting and Book-keeping.

20. If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees arepaid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Modern English.

21. A student may be a member of one or more classes at his option.

22. *Shorthand.*—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturdays and holidays).

23. *Typ writing.*—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 P.M. and the second from 6-30 to 8 P.M. (except on Saturdays and holidays).

24. *Book-keeping.*—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

(*a*) In the first-year class, ending with the Commercial Course Special Examination in Elementary Book-keeping, the course is similar to that prescribed for the day course.

(*b*) In the second-year class ending in the Commercial Course Special Examination in Advanced Book-keeping, the course includes matters as under:—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and recoupment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are

dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

25. Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

26. *Examinations.*—The following examinations are held annually in April :—

(1)	The Commercial Course Final Examination.		
(2)	A Special Examination in		Mercantile Law.
(3)	Ditto	ditto	Banking and Currency.
(4)	Ditto	ditto	Outline of Political Economy.
(5)	Ditto	ditto	Annuities and Insurance.
(6)	Ditto	ditto	Modern English.
(7)	Ditto	ditto	Book-keeping (Elementary).
(8)	Ditto	ditto	Book-keeping (Advanced)
(9)	Ditto	ditto	Shorthand-writing.
(10)	Ditto	ditto	Typewriting.

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination.

27. *Prizes.*—First and second prizes of Rs. 50 and 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects :—

Modern English, Shorthand, Advanced Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance, and Economy.

Three prizes are offered by the Remington Typewriter Company to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

28. The Commercial Course Final Examination at the end of the two years' Day Course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

29. Up till now the Institute has turned out 279 successful candidates in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could, therefore, make the best use of the training received here, have risen above the level and are now drawing from Rs. 60 to Rs. 120, some of them having even received two or three increases in the course of a year and are reported to be shaping very well in their respective spheres.

30. The Bengal Chamber of Commerce has recently issued a circular letter containing a request to its members to make it a rule to take the

passed students of the Day classes, whenever possible, in preference to other clerks.

In its Notification No. 4122Mis., dated the 24th November 1911, the Government has recognised the comprehensiveness and thoroughness of the course of studies prescribed for our Final Examination by adopting it, with slight elimination and addition, for the Secretariat Clerical Service Examination, and has declared our successful candidates in the Final Examination as eligible to appear for it along with those who have passed the Intermediate and higher examinations of an Indian University.

31. Candidates for admission should send in their applications to the Principal annually before the end of June.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

BILL

to assimilate certain enactments in force in Eastern and Western Bengal, to amend certain enactments, and to repeal certain other enactments.

WHEREAS it is expedient to extend certain enactments of the Bengal Legislative Council to Eastern Bengal, and to extend certain enactments of the Eastern Bengal and Assam Legislative Council to Western Bengal;

And whereas it is also expedient that certain formal amendments should be made in enactments in force in Bengal;

And whereas it is also expedient that certain enactments in force in Bengal should be repealed;

And whereas the previous sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act; 55 & 56 Vict., c. 14.

It is hereby enacted as follows:—

Short title. 1. This Act may be called the Bengal Laws Act, 1913.

Definitions. 2. In this Act,—

(1) "Eastern Bengal" means the territory mentioned in Part I of Schedule A to the Bengal, Bihar and Orissa and Assam Laws Act, 1912; and VI of 1912.

(2) "Western Bengal" means the territory mentioned in Part II of that Schedule.

Extension of enactments to Eastern Bengal. 3. The enactments specified in Schedule I are hereby extended to Eastern Bengal, to the extent mentioned in column 4 thereof.

Extension of enactments to Western Bengal. 4. The enactments specified in Schedule II are hereby extended to Western Bengal, to the extent mentioned in column 4 thereof:

Provided that the Eastern Bengal and Assam Disorderly Houses Act, 1907, shall not apply to any municipality, constituted under the Bengal Municipal Act, 1884, in which the Calcutta Suburban Police Act, 1866, is in force. [Cf. Ben. Act III of 1907, s. 2.] E. B. & A. Act II of 1907. Ben. Act III of 1884. Ben. Act II of 1866.

Amendment of enactments. 5. The enactments specified in Schedule III are hereby amended to the extent and in the manner mentioned in column 4 thereof.

Repeal of enactments. 6. The enactments specified in Schedule IV are hereby repealed to the extent mentioned in column 4 thereof.

Continuance of orders, etc., issued under certain repealed enactments. 7. Every appointment, order, rule, notification or form made or issued under— [Cf. Ben. Act I of 1899, s. 25.]

(*a*) the Land Registration Act, 1876, as amended by the Bengal Land Registration (Amendment) Act, 1906, Ben. Act VII of 1876. Ben. Act II of 1906.

(*b*) the Bengal Military Police Act, 1892, or Act V of 1892.

(*c*) the Bengal Disorderly Houses Act, 1906, Ben. Act III of 1906.

shall, so far as it is not inconsistent with—

(*i*) the Land Registration Act, 1876, as amended by the Eastern Bengal and Assam Land Registration (Amendment) Act, 1907. Ben. Act VII of 1876. E. B. & A. Act I of 1907.

(*ii*) the Eastern Bengal and Assam Military Police Act, 1912, or E. B. & A. Act III of 1912.

(*iii*) the Eastern Bengal and Assam Disorderly Houses Act, 1907, E. B & A. Act II of 1907.

as the case may be, continue in force, and be deemed to have been made or issued under that Act, unless and until it is superseded by any appointment, order, rule, notification or form made or issued under that Act.

SCHEDULE I.

ENACTMENTS EXTENDED TO EASTERN BENGAL.

(*See section 3.*)

YEAR.	Number.	Short title.	How far extended.	REMARKS.
1	2	3	4	5
		Bengal Acts.		
1899	I	The Bengal General Clauses Act, 1899.	The whole Act, so far as it is applicable to— (1) the other Acts specified in this Schedule, and (2) any Bengal Act hereafter passed and extending to Eastern Bengal.	This Act was repealed in Eastern Bengal by the Eastern Bengal and Assam General Clauses Act, 1909 (Eastern Bengal and Assam Act I of 1909). Its re-extension to Eastern Bengal is necessary— (1) in consequence of the proposal to extend thereto the other Bengal Acts specified in this Schedule, and (2) in order to facilitate the working of future Bengal Acts therein.
1909	II	The Bengal Court of Wards (Amendment) Act, 1909.	The whole Act ..	This Act is identical with Eastern Bengal and Assam Act I of 1911. It is proposed to extend it to Eastern Bengal, and to repeal Eastern Bengal and Assam Act I of 1911 there by an entry in Schedule IV.
1910	II	The Bengal Municipal (Amendment and Validation) Act, 1910.	Sections 1 and 2 ...	Section 2 of this Act amends Bengal Act III of 1884 (Municipalities), which is in force in Eastern Bengal. No similar amending Act has been passed for Eastern Bengal, and it is proposed to extend sections 1 and 2 of the Act thereto, in order to assimilate the law as to Municipalities in Eastern and Western Bengal.
1911	II	The Bengal Vaccination (Amendment) Act, 1911.	The whole Act ...	This Act amends Bengal Act V of 1880, which is in force in Eastern Bengal. No similar amending Act has been passed for Eastern Bengal, and it is proposed to extend the Act thereto, in order to assimilate the vaccination laws in Eastern and Western Bengal.
1911	V	The Calcutta Improvement Act, 1911.	Section 82, and section 86 in so far as it affects section 82.	Although this Act mainly extends only to the Calcutta Municipality and certain neighbouring areas, section 82, and section 86 (in so far as it affects section 82), extend to the whole Province of Bengal as constituted when the Act was passed. Eastern Bengal having since been added to Bengal, it is proposed to extend these sections to the former area.

SCHEDULE II.

ENACTMENTS EXTENDED TO WESTERN BENGAL.

(*See section 4.*)

1	2	3	4	5
Year.	Number.	Short title.	How far extended.	REMARKS.
		Eastern Bengal and Assam Acts.		
1907	I	The Eastern Bengal and Assam Land Registration (Amendment) Act, 1907.	The whole Act ...	Sections 5, 8, 10 and 16 of Eastern Bengal and Assam Act I of 1907 differ from the corresponding sections of Bengal Act II of 1906. The former sections being considered preferable to the latter, it is proposed to extend the former Act to Western Bengal, and to repeal the latter Act there by an entry in Schedule IV.

SCHEDULE II—*concluded.*

ENACTMENTS EXTENDED TO WESTERN BENGAL—*concluded.*

		Eastern Bengal and Assam Acts—concld.		
1907	II	The Eastern Bengal and Assam Disorderly Houses Act, 1907.	The whole Act ...	This Act is fuller than the corresponding Act (Bengal Act III of 1906) in force in Western Bengal. It is therefore proposed to extend the Act to Western Bengal, and to repeal Bengal Act III of 1906 thereby an entry in Schedule IV. Section 3 of Bengal Act III of 1907 having declared that Bengal Act III of 1906 shall not apply to any Municipality, constituted under the Bengal Municipal Act, 1884, in which the Calcutta Suburban Police Act, 1866, is in force, it is proposed, in the proviso to clause 4 of the Bill, to make a similar declaration in respect of Eastern Bengal and Assam Act II of 1907.
1909	I	The Eastern Bengal and Assam General Clauses Act, 1909.	The whole Act, so far as it is applicable to the other Acts specified in this Schedule.	The extension of this Act to Western Bengal is consequential upon the proposal to extend thereto the other Eastern Bengal and Assam Acts specified in this Schedule.
1912	III	The Eastern Bengal and Assam Military Police Act, 1912	The whole Act ...	This Act is more up to date than Act V of 1892, and it is proposed to extend it to Western Bengal, and to repeal the latter Act thereby an entry in Schedule IV.

1866	III	The Bengal Legislative Council (Witnesses) Act, 1866.	*For the words* Lieutenant-Governor of Bengal *and the words* Lieutenant-Governor, *wherever they occur, substitute the words* Governor of Fort William in Bengal.	The effect of section 3 of, and item 1 in Schedule D to, the Bengal, Bihar and Orissa and Assam Laws Act, 1912 (VII of 1912), is to transfer the powers of the Lieutenant-Governor under Bengal Act III of 1866 to the Governor in Executive Council. These powers ought, however, to be exercised by the Governor personally, as President of the Legislative Council.
1876	VII	The Land Registration Act, 1876.	In section 31, *for the words* the said section, *where they first occur, substitute* section 30.	Consequential upon the proposed repeal of part of section 31 of Bengal Act VII of 1876 in Schedule IV, *post.*

YEAR.	Number.	Short title.	Extent of repeal.	REMARKS.
1	2	3	4	5
		Bengal Acts.		
1862	VIII	The Bengal Zamindari Dák Act, 1862.	The whole Act, so far as it applies to Eastern Bengal.	This Act is obsolete. It was repealed in Western Bengal by Act IV of 1907, but has never been formally repealed in Eastern Bengal.
1876	VII	The Land Registration Act, 1876.	In section 31, *the words* by clause (*c*) of the last preceding section to give notice to the Collector of the establishment of any new village, or.	Consequential upon the repeal of clause(*c*) of section 30 of Bengal Act VII of 1876 by section 16 (*d*) of E. B. and A. Act I of 1907.
1904	III	The Bengal Settled Estates Act, 1904.	In section 36, *the words* and also in such Vernacular Gazettes (if any) as the Local Government may direct	The Vernacular Official Gazettes of Bengal have been discontinued since the 1st April, 1912.
1906	II	The Bengal Land Registration (Amendment) Act, 1906.	The whole Act ...	The repeal of this Act is consequential upon the proposal (in Schedule II, *ante*) to extend Eastern Bengal and Assam Act I of 1907 to Western Bengal.
,,	III	The Bengal Disorderly Houses Act, 1906.	The whole Act ...	The repeal in this Act is consequential upon the proposal (in Schedule II, *ante*) to extend Eastern Bengal and Assam Act II of 1907 to Western Bengal.
1909	I	The Indian Lunatic Asylums (Amendment) Act, 1909	The whole Act ...	This Act amended Act XXXVI of 1858, which has been repealed and re-enacted by Act IV of 1912. Act IV of 1912 supersedes Bengal Act I of 1909, but does not expressly repeal it. The Act of 1909 having become obsolete, it is proposed to repeal it.
		Eastern Bengal and Assam Acts.		
1907	I	The Eastern Bengal and Assam Land Registration (Amendment) Act, 1907.	In section 2 (*1*), *the word* Bengal.	This corrects a clerical error. The short title of Bengal Act VII of 1876 is "the Land Registration Act, 1876," not "the *Bengal* Land Registration Act, 1876."
1911	I	The Eastern Bengal and Assam Court of Wards (Amendment) Act, 1911.	The whole Act ...	The repeal of this Act is consequential upon the proposal (in Schedule I, *ante*) to extend Bengal Act II of 1909 to Eastern Bengal.

STATEMENT OF OBJECTS AND REASONS.

The main object of this Bill is to assimilate certain enactments in force in Eastern Bengal and Western Bengal, respectively, by—

(1) extending to Eastern Bengal certain enactments of the Bengal Legislative Council which apply only to Western Bengal,

(2) extending to Western Bengal certain enactments of the Eastern Bengal and Assam Legislative Council, and

(3) repealing corresponding enactments which are now in force in the areas affected.

2. The opportunity has been taken to propose the formal amendment of certain enactments in force in Bengal and the repeal of others which are no longer required.

3 Each proposal is explained in column 5 of the Schedules annexed to the Bill. That column is inserted for present convenience, and will be removed before the Bill is passed.

4. Clauses 1 to 6 of the Bill are of a formal character. Clause 7 is required because section 25 of the Bengal General Clauses Act, 1899 (Ben. Act I of 1899), which refers only to "re-enactment", would not be sufficient to continue in force orders and other instruments made under Acts which it is proposed to repeal in order to make way for corresponding Acts of the Eastern Bengal and Assam Legislative Council.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 15th May, 1913.

No. 42.—The Governor General has been pleased, under Rule 23 of the Rules for the conduct of the Legislative Business of the Council of the Governor General, to order the publication in the Gazette of India and in the local gazettes in English of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly hereby published for general information :—

No. 4 OF 1913.

A Bill further to amend the Indian Telegraph Act, 1885.

WHEREAS it is expedient further to amend the Indian Telegraph Act, 1885 ; It is hereby enacted as follows :— XIII, 1885.

1. This Act may be called the Indian Telegraph (Amendment) Act, 191 . Short title.

2. For sub-section (*2*) of section 1 of the Indian Telegraph Act, 1885 (hereinafter called the said Act), the following shall be substituted, namely :— XIII, 1885. Substitution of new sub-section for section 1 (*2*), Act XIII, 1885.

"(*2*) It extends to the whole of British India, including the Sonthal Parganas, British Baluchistan, and the pargana of Spiti, and it applies also to—

(*a*) all Native Indian subjects of His Majesty in any place without and beyond British India,

(*b*) all other British subjects within the territories of any Native State in India, and

(*c*) all servants of the King, whether British subjects or not, within the territories of any Native State in India."

3. In clause (*l*) of section 3 of the said Act for the words "transmitting or making," the words "making, transmitting or receiving" shall be substituted. Amendment of section 3 of the said Act.

4. Section 4 of the said Act shall be renumbered section 4 (*1*) and to the said section the following proviso and sub-section shall be added, namely :—

Addition of further proviso and sub-section (*2*) to section 4 of the said Act.

"Provided further that the Governor General in Council may, by rules made under this Act, permit, subject to such restrictions and conditions as he thinks fit, the establishment, maintenance and working of wireless telegraphs on ships within Indian territorial waters.

"(*2*) The Governor General in Council may, by notification in the Gazette of India, delegate to the telegraph authority all or any of his powers to grant licenses under the first proviso to sub-section (*1*). The exercise by the telegraph authority of any power so delegated shall be subject to such restrictions and conditions as the Governor General in Council may, by the notification, think fit to impose."

Power of Governor General in Council to delegate powers to grant licenses.

5. After section 19 of the said Act the following sections shall be inserted, namely :—

Insertion of new sections 19A and 19B after section 19 of the said Act.

"19A. (*1*) Any person desiring to deal in the legal exercise of a right with any property in such a manner as will cause, or is likely to cause, damage to a telegraph line or post which has been duly placed in accordance with the provisions of this Act, or to interrupt or interfere with telegraphic communication, shall give not less than one month's notice in writing to the telegraph authority of the intended exercise of such right.

Person exercising legal right likely to damage telegraph line or post to give notice.

"(*2*) If any person having omitted to give the notice required by sub-section (*1*) deals with any such property in such a manner as is likely to cause damage to any telegraph line or post, or to interrupt or interfere with telegraphic communication, a Magistrate of the first or second class may, on the application of the telegraph authority, direct such person to abstain from dealing with such property in such manner and to take such order with regard to such property as may be in the opinion of the Magistrate necessary to remedy or prevent such damage, interruption or interference.

"19B. The Governor General in Council may, by notification in the Gazette of India, confer upon any licensee under section 4, in respect of the extent of his license and subject to any conditions and restrictions which the Governor General in Council may think fit to impose and to the provisions of this Part, all or any of the powers which the telegraph authority possesses under this Part with regard to a telegraph established or maintained by the Government or to be so established or maintained.

Power to confer upon licensee powers of telegraph authority under this Part.

"Provided that the notice prescribed in section 19A shall always be given to the telegraph authority."

6. For section 20 of the said Act the following section shall be substituted, namely :—

Substitution of new section for section 20 of the said Act.

"20. (*1*) If any person establishes, maintains or works a telegraph within British India without a license granted or recognized by the Governor General in Council in this behalf, or in contravention of the conditions of a license so granted or recognized, or of the terms of any order made under section 4 or otherwise than as permitted by rules made under that section, he shall be punished, if the telegraph is a wireless telegraph, with imprisonment which may extend to three years, or with fine, or with both, and, in any other case, with a fine which may extend to one thousand rupees.

Establishing, maintaining or working unauthorized telegraphs.

"(*2*) When any person is convicted of an offence punishable under this section, the Court before which he is convicted may direct that the telegraph in respect of which the offence has been committed, or any part of such telegraph, be forfeited to His Majesty."

7. After section 20 of the said Act the following section shall be inserted, namely :—

Insertion of new section 20A after section 20 of the said Act.

"20A. If the holder of a license granted under section 4 contravenes any condition contained in his license, he shall be punished with fine which may extend to one thousand rupees, and with a further fine which may extend to five hundred rupees for every week during which the breach of the condition continues."

Breach of condition of license.

8. After section 25 of the said Act the following section shall be inserted, namely :—

Insertion of new section 25A after section 25 of the said Act.

"25A. If, in any case not provided for by section 25, any person deals with any property and thereby wilfully or negligently damages any telegraph line or post duly placed on such property in accordance with the provisions of this Act, he shall be liable to pay the telegraph authority such expenses (if any) as may be incurred in making good such damage, and shall also, if the telegraphic communication is thereby interrupted, be punishable with a fine which may extend to one thousand rupees :

Injury or interference with a telegraph line or post.

"Provided that the provisions of this section shall not apply where such damage or interruption is caused by a person dealing with any property in the legal exercise of a right if he has given the notice required by section 19A (*1*)."

9. After section 29 of the said Act the following section shall be inserted, namely :—

Insertion of new section 29A after section 29 of the said Act.

"29A. If any person without due authority,—

Penalty.

(*a*) makes or issues any document of a nature reasonably calculated to cause it to be believed that the document has been issued by or under the authority of the Director-General of Telegraphs, or

he shall be punished with fine which may extend to fifty rupees."

10. In section 34 (*1*) of the said Act after the figures and word "18, section (*1*)," the words

Amendment of section 34 of the said Act.

STATEMENT OF OBJECTS AND REASONS.

In consequence of the introduction of radio-telegraphy into India it has become necessary to amend the Indian Telegraph Act, 1885 (XIII of 1885), in order to enable the possession and working of wireless apparatus to be regulated more strictly than is possible under that Act. The opportunity has been taken to make certain other amendments in the Act, which experience has shewn to be desirable. The details of these amendments are explained in the sub-joined *Notes on Clauses*.

W. H. CLARK.

The 14th May, 1913.

Notes on Clauses.

Clause 2.—The Act at present extends only to British India and to subjects of His Majesty residing in Native States. Following the analogy of the Indian Post Office Act, 1898 (VI of 1898), section 1 (2) of the Telegraph Act has been amended by this clause, so as to extend the operation of the Act to all servants of the King residing in Native States, whether British subjects or not.

Clause 3.—The present definition of "telegraph" in section 3 (*1*) of the Act covers only appliances and apparatus for transmitting or making telegraphic, telephonic or other communications by means of electricity, galvanism or magnetism. It is possible to construct wireless telegraphic apparatus capable merely of *receiving* telegrams, and this clause provides for the amendment of the definition of "telegraph" so as to include apparatus for receiving messages.

Clause 4.—The Act, as it stands at present, contains no specific provision for regulating the establishment and working of wireless telegraphs on ships. Under section 1 of the English Wireless Telegraphy Act, 1904 (4 Edw. VII, Chapter 24), wireless telegraphic apparatus cannot be installed or worked on board any British ship in British territorial waters without a license granted by the Postmaster General. Licenses granted under this section would probably be possessed by all British ships entering Indian territorial waters. There is, however, no power under the English Act to license ships to use wireless telegraphy in territorial waters outside British territorial waters. Moreover, some provision in the Indian Act is necessary to meet the case of foreign vessels within Indian waters. It is, therefore, proposed to add a second proviso to section 4 of the Act, taking power to control the establishment, maintenance and working of wireless telegraphs on ships within Indian territorial waters.

Under the existing proviso to section 4 of the Act, the power to grant a license for the establishment, maintenance or working of a telegraph is vested solely in the Governor General in Council. Thus, all applications for licenses, even of the most petty nature, have to be submitted to the Government of India. In the majority of cases, the Government of India are not in a position to examine the applications and the reference to them is a mere formality. It is, therefore, desirable to delegate this power to the "telegraph authority," that is, to the Director-General, such delegation being made subject to such restrictions and conditions as the Governor General in Council may think fit to impose. Provision for this delegation of power has been made in the second addition to section 4 proposed in this clause.

Clause 5 (proposed new section 19A) and clause 8 (proposed new section 25A).—Under the existing law (sections 13 and 17 of the Act), local authorities or private owners may require the telegraph authority to remove or alter any telegraph post, etc., standing on their properties. There is, however, nothing in the Act to prevent an owner of property from taking, without giving notice to the telegraph authority, such action with the property as may cause or be likely to cause injury to, or interference with, a telegraph line placed upon or near it. A clause has therefore been inserted in the Bill on the lines of section 8 of the English Telegraph Act, 1878 (41 & 42 Vict., Chapter 76), to prevent the execution without due notice of any work likely to be injurious to telegraph lines or posts (proposed new section 19A). The Bill also provides for the recovery of damages in cases where any works are commenced or carried out without due notice and their execution results in injury to telegraph lines or posts and for the imposition of a fine where telegraphic communication is interrupted by any such work (proposed new section 25A).

Clause 5 (proposed new section 19B).—Under sections 10 and 11 of the Act as it now stands, the power to place telegraph lines and posts upon private property is confined to the telegraph authority, that is the Director-General of Telegraphs. It is apprehended that this restriction may hinder the legitimate development of telephone enterprise in India, and a clause has therefore been inserted in the Bill to empower the Governor General in Council to extend, by notification in the *Gazette of India*, to any licensee under section 4, any or all of the powers possessed by the telegraph authority under Part III of the Act.

Clause 6.—The importation of wireless telegraphic apparatus into British India, except under a license granted by the Government of India, is prohibited. The necessary apparatus can, however, be manufactured in India, and it would in practice be extremely difficult to

ascertain whether such apparatus was being used for reading radio-telegraphic messages transmitted from Government stations. It is, therefore, considered necessary to impose a severer penalty on the establishment and working of wireless telegraphs without a license than is at present provided for by section 20 of the Act. The opportunity has been taken to substitute the penalty of confiscation for the continuing fine now leviable under that section. This follows section 1 (*3*) of the English Wireless Telegraphy Act, 1904 (4 Edw. VII, Chapter 24), and forfeiture seems a more suitable penalty to impose than the existing penalty of a continuing fine.

Clause 7.—The new section 20A introduced by this clause is merely a reproduction of a part of the existing section 20, which it is proposed to revise (see clause 6), and needs no explanation.

Clause 9.—Cases have occurred in which trading firms have distributed advertisements to the public by means of imitation inland telegraph forms and covers with impressions of name and date stamps similar to those used on actual telegrams sent out from Government telegraph offices. The practice causes annoyance to the public, and might be resorted to for fraudulent purposes. It is, therefore, necessary to introduce a new section into the Indian Telegraph Act on the lines of section 64 of the English Post Office Act, 1908 (8 Edw. VII, Chapter 48), prohibiting the imitation of the envelopes, forms and marks of the Telegraph Department.

Clause 10.—The addition made by this clause to section 34 of the Act, confers on the Commissioners of Police in presidency-towns the powers exercisable by Magistrates of the first and second class under the proposed new section 19A. This amendment calls for no explanation.

W. H. VINCENT,

Secretary to the Government of India.

CONSTITUTION OF THE ART ADVISORY COMMITTEE.

GENERAL DEPARTMENT.

EDUCATION.

CALCUTTA, THE 26TH MAY 1913.

RESOLUTION—No. 3002.

READ—

Resolution No. 3802, dated the 7th October 1911

READ ALSO—

A letter from the Director of Public Instruction, Bengal, No. 3272, dated the 24th February 1913

A COMMITTEE was appointed in 1911 as an experimental measure, for a period of three years, to advise the Director of Public Instruction, Bengal, in the selection of drawing books for use in schools and in regard to any other matters touching on Art in which the Education Department is concerned.

The whole question of the teaching of Art in schools and colleges and of the cultivation of the artistic sense of students has recently come under the consideration of Government. His Excellency in Council, while recognizing the value of the services rendered by the Art Committee in this direction, is nevertheless of the opinion that its usefulness would be greatly enhanced by an extension of its hitherto comparatively limited powers and functions. It has therefore been decided to strengthen and enlarge the Committee itself and to entrust it with increased duties and responsibilities. The Governor in Council is accordingly pleased to direct—

(*a*) that the Committee shall be styled the Art Advisory Committee and shall be constituted as follows :—

President.

The Principal, Calcutta School of Art.

Members.

1. The Principal, David Hare Training College.
2. The Inspector of Schools, Presidency Division.
3. The Inspectress of Schools, Presidency and Burdwan Divisions.
4. The Vice-Principal, Calcutta School of Art.
5. E. Thornton, Esq., F.R.I.B.A. ... } Nominated by the Art
6. N. Blount, Esq. ... ... } Gallery.
7. Babu Gaganendra Nath Tagore.

(*b*) that the duties of the Committee shall be to advise the Director of Public Instruction in regard to—

1. Drawing books for use in schools.
2. Curricula for instruction in Art, whether in special institutions or in schools and colleges for general education.
3. The general question of Art teaching in Bengal.

The Committee will in the first instance hold office for two years. The Director of Public Instruction is requested to report each year on the measure of success attained by the Committee in the performance of the duties entrusted to its charge. If any vacancies occur on the Committee the fact should be brought to the notice of Government for necessary action.

ORDER.—Ordered that the Resolution be published in the *Calcutta Gazette* and that a copy be forwarded to the Director of Public Instruction, Bengal.

By order of the Governor in Council,

H. F. SAMMAN,

Offg. Secy. to the Govt. of Bengal.

ANNUAL REPORT OF THE ROYAL BOTANIC GARDEN AND OF THE GARDENS IN CALCUTTA, AND OF THE LLOYD BOTANIC GARDEN, DARJEELING, FOR THE YEAR 1912-1913.

ROYAL BOTANIC GARDEN.

General.—The year has on the whole from horticultural point of view been above the average, and, in common with plant growth throughout Bengal, plants in the Royal Botanic Garden have benefited from the exceptionally good weather conditions. Such conditions, however, render the work of keeping the garden in a respectable condition all the more onerous, for during the growing season grass rushes up keeping all garden hands busy mowing and cleaning the roads. While the general conditions were good the garden has not escaped its annual minor catastrophes. Early in the year a violent hailstorm broke, which, in addition to blowing down several trees and breaking branches off numerous others, did considerable damage to the glass-covered houses in the nursery. In all about 150 square feet of glass was destroyed by a storm, the severity of which is not often experienced even in Bengal. Some of the hail-stones measured nearly $\frac{3}{4}$ inch in diameter, and had it lasted much longer the amount of damage might have been serious.

During the first part of the season the work of repairing and painting these houses and of repairing two bridges over the Shadir Lake, which had become unsightly and dilapidated, was undertaken, and, after the arrival of a light railway which has proved a great labour-saving acquisition, the two rubbish pits referred to in last year's report were filled expeditiously by earth taken from the low-lying river terrace at the east end of the garden. During the rains Division II occupied most of the Curator's time, for much clearing work was necessary to bring this section into a condition corresponding with those adjacent. The work of rivetting the river bank still continues to usurp much time and labour which can ill be spared from proper garden improvements, but if the river is not to have its own way altogether this time must continue for years to be spared. The ingenious device perfected by Major A. T. Gage, I.M.S., Superintendent of the Garden, by which brick embankments are run out in front of places where the river has gained dangerous access and the backwater part is filled in, has done much to save sections of the bank which must otherwise have been destroyed by high tides and storms. This expedient is now being followed generally all along the bank at places which look dangerous, and as the work gains completion less time will be necessary to retain our hold.

The dust problem, though by no means so serious as in the neighbouring roads, becomes at times more or less of a nuisance, for motorists are not always too thoughtful of their speed when they find themselves on a road free from bullock carts and with comparatively few pedestrians. In general, however, they show consideration, and the dust problem has been tackled this year, as formerly, by sprinkling about 2,000 yards of the more frequented roads with petroleum.

Though no record is kept of the number of visitors to the Garden, it has been evident to those who live there that there has of late been a marked diminution in the numbers. Several causes may operate to bring about this decline, but there can be no doubt that, if proper access to the garden were maintained, the number of visitors would greatly increase. Of late years both sides of the river have been rendered relatively impassable by the access of railways, coal depôts, etc., and throughout the year there has been only a very unreliable service by river. Visitors naturally do not care to walk from the College Ghât, which is about 2 miles from the part of the garden to which they mostly repair.

2. **Plant and seed exchange.**—About 80 woody plants representing some 26 species new to, or scarce in, the garden were planted out during the

year and about 70 remain in pots in the nursery. Seven thousand one hundred and fifty-seven plants in all were received, amongst which may be mentioned a collection of orchids from Messrs. Sander & Sons, St. Albans, which is a valuable acquisition to the collection in the Garden. Thirty-three thousand one hundred and eighty-seven plants were sent out, over 12,000 of which were distributed to Local Boards and to the Public Works Department for roadside and arboricultural purposes. Of the remainder many went to Government and charitable institutions and to botanical and horticultural gardens in India and abroad. Amongst the collections which have been distributed may be mentioned a large consignment of *Hedychiums* to Kew for experiments on paper-making.

The collection and despatch of seeds continue to engage a special department, and this year the distribution has been well maintained. Over 1,726 packets have been received. Those required for the garden were put to the nurseries where they have done well. The seeds of such plants as were not required here have been redistributed, and in all 5,119 packets have gone out during the year. Mr. G. H. Cave, Curator of the Lloyd Botanic Garden, Darjeeling, continues to supply the garden with seeds of Himalayan species, and his services in collection and despatch of particular plants required are efficient and praiseworthy.

3. **Herbarium and Library.**—Collections from all over the world have been presented or purchased for the Herbarium and in all about 14,000 sheets have been added. The Curatorship of the Herbarium was vacant prior to March 1912, and it was not thought advisable for the new incumbent to distribute too freely until he had become acquainted with what the Herbarium actually possessed. Consequently the number of sheets sent out was smaller than usual. At present, however, a large number of sheets are being prepared for distribution, which should easily bring up the number to the annual average. The rearranging, classifying and indexing of books, periodicals and pamphlets have been undertaken and proceed as time permits. During the year the north gallery was widened, and the improvement which now gives working room has been much appreciated.

4. **Publications.**—Since the last report was written no addition has actually been made to the issued list of the Annals of the Royal Botanic Garden, but the Appendix to Volume XI embodying descriptions with plates of new species of *Calamus* by Signor Beccari will shortly appear, as also will a revised index by Major Gage, I.M.S., to species and plates contained in the above volume and in the appendix thereto. Of the Records of the Botanical Survey of India the following have appeared:—Volume IV, No. 7—The Alpine and Sub-Alpine Vegetation of South-East Sikkim, by W. W. Smith, M.A.; Volume V, No. 4—Catalogue of Non-Herbaceous Phanerogams cultivated in the Royal Botanic Garden, Calcutta, by Major A. T. Gage, I.M.S.; Volume VI, No. 1—Piperaceæ Novæ e Peninsula Malayana, by C. de Candolle.

Volume V, No. 8; Volume VI, Nos. 2, 3 and 4; and Volume VIII, No. 1, are at present in the press.

5. **Financial.**—Of the total allotment of Rs. 72,296 for salaries and establishment Rs. 68,255-9-9 was expended, leaving Rs. 4,040-6-3, of which Rs. 4,002-6 was saved under salaries and Rs. 38-0-3 under establishment. The saving under travelling allowance has been Rs. 76-7 from the allotment of Rs. 1,000. The allotment for regular contingencies, Rs. 8,004 has been expended in full. During the period of nine months in which Government sanction operated, Rs. 9,513-10-2 was spent under contract contingencies out of an annual average total of Rs. 19,700. The revenue paid into the Bank of Bengal was Rs. 655-11, being an increase of Rs. 555-11 over sanctioned estimated receipts.

* * * * * *

CALCUTTA GARDENS.

These comprise the Eden, Dalhousie Square, Curzon and Hastings House Gardens, and the same general remarks in regard to the effect of weather conditions as apply to the Royal Botanic Garden, Sibpur, apply to

these. In the Eden Gardens the chief improvement was undertaken in April, and lasted till the end of June, when, with the aid of the Fire Brigade, the *jheel* which was silted up was emptied and thoroughly cleaned out. The lawn in front of the band-stand has this year been double-trenched and resown with *dubh* grass, and the usual expert attention given to the display of flowers, especially in the Canna Garden which has been extended and raised and in the neighbourhood of which new roads have been laid out.

In addition to the routine work in the Curzon Gardens new drains have been made and the soil taken from the Eden Garden *jheel* has been utilised to raise the lawn on the west side. The Dalhousie Square Gardens have been improved by the laying out of a new road on the south side and, as the bye-laws are only too frequently being set aside by pedestrians to whom short cuts would seem to be of more importance than the amenities of the garden, it is proposed to erect guards to keep such transgressors to the legal paths. No special improvements have been thought necessary at the Hastings House Gardens, and the work there has been purely of a routine character. Barrackpore Park and Government House Gardens have been given the usual advisory attention. The total allotment for the Calcutta Gardens was Rs. 40,172 and the expenditure amounted to Rs. 39,258-14-2, being a saving of Rs. 913-1-10. The sums collected and paid into the Bank of Bengal as garden revenue amounted to Rs. 389.

LLOYD BOTANIC GARDEN, DARJEELING.

In spite of the excessive amount of rain which fell and of the snowstorm which visited Darjeeling in March, with unfortunate results to a large number of trees in the district, including some in the Lloyd Botanic Garden, the season under review has been quite favourable from the horticultural point of view. The usual seasonal gardening operations on lawns, beds, walks and in the conservatories were carried out and every endeavour made to add to and to improve the collections of plants and the means of access to the same. Some 224 trees and shrubs were removed from the nursery, where want of space for pots is somewhat felt, and planted in their permanent quarters. The collection and distribution of seeds, plants and bulbs has come to be a special feature of the work undertaken by officers of the Lloyd Botanic Garden, and it is interesting to note that this year the commercial retail value of seeds and plants distributed equals the whole budget allotment for the year. Apart from the ordinary collections of indigenous material sent to Calcutta, the following have been distributed :—Plants 20,804, seedlings 6,426 doz., bulbs 4,462, seeds 1,746 packets. The sum of Rs. 12-8 was paid into the Darjeeling Treasury. Labour has again been scarce and difficult to retain owing to the attraction of better terms offered on extensive works in the neighbourhood and recruitment for operations elsewhere. The Curator has continued to supervise the garden work of Government House and of horticultural operations carried on by the Darjeeling Improvement Fund Committee and to give advice and assistance to various public offices in the town and district.

PART I A.

Orders and Notifications by the Government of India.

The following orders, issued by the Government of India in the Department of Education, published in the *Gazette of India*, dated the 24th May 1913, are republished for general information.

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

SANITARY.

Simla, the 20th May 1913.

No. 836.—The undermentioned papers are published for general information :—

Nos. 619—628, dated Simla, the 18th April 1913.

From—The HON'BLE MR. L. C. PORTER, C.I.E., I.C.S., Secretary to the Government of India.

To—Local Governments and Administrations in India.

I AM directed to refer to this Department letter No. 1403-13, dated the 5th August 1912, on the subject of indigent Indian pilgrims in the Hedjaz and the necessity for taking steps to ensure their repatriation. Such action as was taken by Local Governments and Administrations in compliance with that letter to warn intending pilgrims at the beginning of last year's pilgrimage, of the consequences of not making sufficient provision for the return journey has unfortunately had in general little effect, and no improvement has taken place. Five hundred Indian pilgrims were reported in December last to be stranded at Jeddah in very straitened circumstances on their return from the Haj, while some of them were stated to have been dying in the streets from exposure and starvation. To meet the emergency a special grant of Rs. 17,000 was made from Imperial revenues for their repatriation.

2. It is desirable that the relief and repatriation of indigent pilgrims should be provided by private charity and private organization, and it has been suggested that sufficient funds might be forthcoming if properly organized local committees were formed with the assistance of the leaders of the Muhammadan community in the different provinces. I am to invite

attention in this connection to the Home Department circular letter Nos. 2293—2301, dated the 12th December 1910, in which the Government of India commended to the favourable consideration of Local Governments a suggestion made by the Government of Bombay for the formation of such committees to co-operate with the Haj Committee, Bombay, in the collection of subscriptions for the repatriation of destitute pilgrims who are annually stranded in Bombay, and for the dissemination of any information regarding the Haj furnished by the Pilgrim Department, Bombay.

3. The enclosed letter* from the Government of Bombay indicates that the suggestion made in 1910 has had little effect, that no Haj Committees have been established outside Bombay, and that almost the whole burden of providing relief is thrown on the Musalmans of Bombay. The question has now become a much larger one since assistance is required not only for indigent pilgrims who have succeeded in returning to Bombay but also, and more urgently, for such as are stranded in the Hedjaz. The principle, however, remains the same, and I am directed to forward a copy of a despatch from the Secretary of State, No. 101-Rev., dated 18th October 1912, together with a copy of the report on the Haj of 1911-1912 in which Dr. Abdur Rahman, the Vice-Consul at Jeddah, has also recommended the establishment of local committees. I am to suggest that, with the permission of the earnest attention of leading Muhammadan gentlemen and of the Anjumans and Muhammadan Associations in Madras / Bengal / etc. may be drawn to the advisability of taking steps for the formation, as an experimental measure of suitable local committees working on a voluntary basis. In order to enhance the influence and usefulness of the committees it might be perhaps desirable to associate them with the distribution of passports. The number of such committees will have to be decided according to the requirements of each province, but as local knowledge and interest will be of great use to the committees in discharging their functions, the district would appear to be a suitable unit as suggested in the letter from the Government of Bombay, No. 978, dated the 4th February 1913. Their organization will of course be a question of importance, and I am to commend to the consideration of His Excellency the Governor in / His Honour the Lieutenant-Governor (in Council) / etc. to your Council / Governor (in Council) / consideration the suggestion of the Government of Bombay that a Government official should be associated with or appointed Chairman of each committee.

* No. 978, dated the 4th February 1913 (without enclosure).

4. The Commissioner of Police, Bombay, is in charge of the Pilgrim Department there and is also the President of the Bombay Haj Committee, and the committees when formed can correspond with him direct as proposed by the Government of Bombay in regard to all such matters as come within the scope of their duties.

No. 816—826, dated Simla, the 16th May 1913.

From—The HON'BLE MR. L. C. PORTER, C.I.E., I.C.S., Secretary to the Government of India.

To—Local Governments and Administrations in India.

I AM directed to address you further on the subject of dealing with indigent pilgrims proceeding to the Hedjaz.

2. In the Home Department letter dated the 27th November 1905, the Government of India, after explaining the views which had guided them in refraining from insisting on the purchase of return tickets by pilgrims, referred to the fact of the system of compulsory return tickets having been introduced by the Egyptian, French, Dutch and Straits Settlements Governments, and inquired of Local Governments whether, in view of the annual influx of large numbers of indigent pilgrims at Jeddah after the Haj, a similar system might not in the interests of the pilgrims themselves be introduced in India. The opinions of the leading Muhammadans and Anjumans which were obtained and forwarded by Local Governments showed that the majority of the community were opposed to the proposal. It was represented that many of the pilgrims stayed in Arabia permanently, that some of them

embarked with this intention, and that a considerable number who belonged to Central Asia and Afghanistan made their way to their homes overland instead of returning by sea. It was further stated that owing to competition between steamers and to charitable assistance from Muhammadans in Jeddah poor pilgrims were often enabled to obtain return passages to India for small sums or for nothing at all, that if a system of return tickets was adopted it would be difficult to arrange that pilgrims should find steamers of the line by which they wished to leave, and that it was quite impossible to induce various shipping companies to work in combination.

For these reasons the Government of India decided in their letter to Local Governments, No. 733-742, dated 18th May 1907, to abandon the proposal. At the same time they requested Local Governments to adopt such measures as they might find feasible to bring to the notice of intending pilgrims the advisability of depositing with the Consul at Jeddah on arrival a sufficient sum of money to secure their return passage to India.

3. Experience has shown that the hopes then entertained that voluntary action on the part of the Muhammadan community and the pilgrims themselves would remedy the admitted evils of the existing system have not been fulfilled. Instructions and warnings though repeated from time to time have had no result and the number of indigent pilgrims continues to increase. The annual reports of the British Vice-Consul at Jeddah, a Muhammadan gentleman named Dr. Abdur Rahman, have disclosed year after year a state of affairs that can only be described as lamentable. In his report on the pilgrimage for 1910-1911 the Vice-Consul wrote as follows:—

"The third and the last need of the pilgrims, mainly of Indian pilgrims, is to find means for their repatriation to India. Experience shows that the number of destitutes is increasing year by year. The local Turkish Government demands repatriation of the pilgrims and there are no means at the disposal of this Consulate to ship hundreds of destitute pilgrims every year.

I beg to submit that it will be in the interests of everybody concerned including the pilgrims themselves if the compulsory return ticket-system be enforced even if it be for one year as a trial. It is a painful sight to see these destitutes dying by thousands every year miserably in this country for want of protection against inclemencies of weather, proper food and sufficient means to take them back to their homes."

In his report for 1911-1912 Dr. Abdur Rahman again urged the necessity of action.

"It is greatly to be desired," he wrote, "that some means were devised for checking the arrival of Indians in such circumstances and under such conditions as are a disgrace to Islam . . . . . .

"In this year the 26th of February saw the last ship-load of Javanese pilgrims sail from Jeddah, while the bulk of them had left within one month of the end of the Haj and it took nearly to the end of June to get rid of the Indians." . . . . . .

"Even with a considerably smaller number than was expected, close on one thousand Indians were lying for weeks in this town in the most abject misery It goes without saying that a great number died."

"It is very natural that the Turkish authorities should object to such a system and that they should demand that provision should be made by the responsible Government for the removal of its subjects who are a burden and an offence and a source of danger to the town." . . .

4. The situation during the recent pilgrimage has become even more acute. Some 500 Indian indigent pilgrims collected in Jeddah before the end of December in the most pitiable circumstances of starvation and disease. Private charity was exhausted, shipping companies refused to convey them free of charge. The Government of India made a special grant of Rs. 17,000 for their repatriation.

5. The reports of the Vice-Consul have been endorsed by the British Ambassador at Constantinople and have attracted the attention of His Majesty's Secretary of State for India. They result in two conclusions, viz.:—

(i) That the annual influx of indigent pilgrims from India is a source of much misery and confusion.

(ii) That the best solution of the problem is a system of compulsory return tickets.

6. In view of these conclusions the Government of India for some time past have been in communication with the Bombay Government. They are, as ever, deeply concerned in arranging for the conveyance to Arabia in comfort and health and at a reasonable cost of their Muhammadan subjects, and they consider that the time has come to consult Local Governments and the Muhammadan public generally on the whole question. With this object they forward herewith the latest proposals of the Bombay Government contained in that Government's letter No. 2896, dated 11th April 1913.

7. That Government proposes to give to a firm of standing the monopoly of the pilgrim traffic to the Hedjaz for a term of years subject to conditions as to :—

(*a*) the adoption of a system of compulsory return tickets ;

(*b*) fixed maximum passage rates ;

(*c*) the introduction of a general improvement in the conditions of traffic.

8. The arguments in favour of a system of compulsory return tickets are, first, that the system has been successfully introduced by other Governments, *e.g.*, the Egyptian, French, Dutch and Straits Settlements Governments ; secondly, that article 88 of the Paris Sanitary Convention of 1903, to which India is a party, provides that if local circumstances permit, pilgrims must prove that they possess means absolutely necessary for the accomplishment of the pilgrimage and in particular that they have a return ticket, and the more recent Convention of 1911 contains the same proviso (article 86) ; and, thirdly, that the Bombay Government who are specially interested and have special knowledge of the pilgrim traffic are strongly in favour of the proposal and that no alternative proposal to remedy the existing evils has been put forward.

9. The impossibility of inducing the various companies to work in combination in the past was one of the chief objections raised to a system of compulsory return tickets. This objection is met by the proposal to grant a monopoly. This indeed, in the opinion of the Government of Bombay, is necessary if only to impose fixed or maximum rates, and without these it would be difficult to secure either profits for the shipping companies or sufficient ships for the pilgrims.

10. The Government of India have no definite information as to how the maximum rates set out in the letter of the Bombay Government compare with the average rates now levied but they understand that the present system has not been conducive to cheap passage rates during recent years. The Vice-Consul's report on the Haj of 1911-12, a copy of which was enclosed with this Department's letter No. 619-628, dated 18th April 1913, regarding Haj Committees, will show that for a single voyage from Bombay to Jeddah, deck passages were paid for at the high rate of Rs. 120. It is true that the advertisement rates have seldom exceeded Rs. 50 for the outward voyage but, in practice, during the rush of traffic, passages have, it is understood, been paid for at more than double that amount. For the return journey the prices of deck tickets ranged between Rs. 30 and Rs. 50 according to the Haj report for 1911-12, and during the recent pilgrim season the Bombay-Persia Steam Navigation Company charged at the rate of Rs. 40 per head in the case of the indigent pilgrims for whose repatriation a special grant was made by the Government of India. If, however, the maximum rates given in the Bombay Government's letter are likely to prove a serious obstacle to the acceptance of the scheme, the Government of India would be glad to consider any alternative proposals which will facilitate the introduction of a satisfactory system of return tickets at more moderate rates (combined with an adequate provision for refunds in the case of death, settlement in the Hedjaz or return by land) and will thereby secure the comfort of Muhammadan pilgrims at a reasonable cost to them, even if it may be necessary for this purpose to grant to the Steamer Company a subsidy from general revenues.

11. With these remarks I am to commend the scheme to (the consideration of His Excellency the Governor in Council / His Honour the Lieutenant-Governor (in Council) / your consideration) and to ask that any remarks either on its principle or its details may, after consulting with leading Muhammadan gentlemen and associations, be furnished to the Government of India.

I am to request that the matter may be treated as urgent, as the Government are desirous that any measures that may be approved should be introduced for the pilgrimage of 1914.

12. His Excellency in Council desires that the present proposals should not interfere with the formation of local Haj Committees as recommended in this Department letter Nos. 619-28, dated the 18th April 1913. Such committees may not only be of some use for the purposes of the ensuing pilgrimage but will, even if a system of compulsory return tickets is adopted, be of assistance in diffusing information, in acting as the channel of communication between pilgrims and the Central Haj Committee, and in raising funds for the repatriation of the indigent pilgrims that may still continue to be stranded in the Hedjaz. Finally, the Government of India commend to the wealthy and charitable members of the community the cause of the poorer Muhammadans whose sufferings they deplore and desire to relieve.

No. 2896, dated Bombay Castle, the 11th April 1913.

From—J. L. RIEU, ESQ., I.C.S., Secretary to the Govt. of Bombay, General Department,

To—The Secretary to the Government of India, Department of Education (Sanitary).

I AM directed to refer to my letter No. 8959-168-Confl., dated the 28th December 1912, and paragraph 10 of my letter No. 978, dated the 4th February 1913, on the question of entrusting to a single shipping firm the monopoly of the pilgrim traffic between Bombay and Jeddah subject to conditions as to fixity of passage rates, the adoption of a system of compul ory return tickets, and the introduction of a general improvement in the conditions of the traffic.

2. The Governor in Council has given the most careful consideration to this important question and he is satisfied that in the interests both of the pilgrims and of Government it is preferable that any arrangement which may be concluded on the lines indicated above should be with Messrs. Turner, Morrison & Co., who, as the present controlling Agents of the Bombay-Persia Steam Navigation Company and in their capacity of a local firm of high standing, are in a better position to handle satisfactorily the Indian pilgrim traffic than any outside firm. They are, moreover, the only firm who have approached this Government with a definite offer.

3. The Bombay Government have accordingly discussed with Messrs. Turner, Morrison & Co. the terms of the offer which they originally made in their letter dated the 25th January last, and are now in a position to place before the Government of India the conditions on which, as a result of that discussion, the Company are prepared to agree to undertake the monopoly of the pilgrim traffic from the ports of Bombay and Karachi. The Bombay Government recommend the acceptance of the conditions of the agreement as now provisionally arrived at. These are set forth in the following paragraph.

4. (1) The agreement to be for a period of five years but terminable on the part of Government at one year's notice.

(2) The agreement to extend to Bombay and Karachi, at which ports the only ships which will be licensed under the Pilgrim Ships Act will be those put forward by the Company.

(3) Return tickets alone to be issued to pilgrims from these ports.

(4) Maximum rates for tickets to be fixed at present for the first two years ; the rates for subsequent years will in no case be lower than these, and Government will consider whether the improved conditions of service do not justify an enhancement.

(5) The maximum rates for the next season, in which the last date of sailing will be the 10th October, to be as stated below. (In each subsequent year the dates will be 10 days earlier) :—

	Rs.
(*a*) from the 26th September to the 10th October ...	160
(*b*) from the 27th August to the 25th September ...	140
(*c*) from the 1st August to the 26th August ...	120
(*d*) Before the 1st August	100

(6) Camaran* quarantine dues, which are at present included in the price of the ticket, to be in addition to the above rates but to be paid simultaneously with them.

* These are a fluctuating item. The present rate is Rs. 6.

(7) No brokers to be licensed under Bombay Act II of 1887 so that the Company will not have to pay brokerage. But the Company undertake to maintain and be directly responsible for a staff of agents who will perform all the duties, including those connected with the vaccination of the pilgrims now carried out by the licensed brokers. Such staff to be approved by the Commissioner of Police and each member of it to be certified by him as authorised in this behalf.

(8) Each ticket to carry a guarantee of a return passage from Jeddah within 3½ months of the last date of the Haj provided the holder thereof presents the return voucher at Jeddah within two months of such date.

(9) The Company to arrange to give return passages to pilgrims as far as possible according to priority of date of outward passage and of arrival at Jeddah on the return journey.

(10) Ships to leave for Jeddah within seven days of the advertised date of sailing, provided that in the case of ships advertised to sail during the period when maximum rates of not more than Rs. 120 are in force, this delay may be extended to 10 days under the authority of the Commissioner of Police and on good cause being shown therefor.

(11) In the case of each holder of a ticket who is certified by the British Consul at Jeddah to have died in the Hedjaz, the Company will, on production of the unused return voucher, pay Rs. 50 to the Commissioner of Police for disbursement to the heirs of the deceased.

(12) Pilgrim ships will, before the commencement of the pilgrim season, undergo a single annual survey in respect of essentials, the inspection before each voyage being confined to a check on alterations in accommodation and equipment.

(13) The Company undertake to despatch at least two ships from Karachi, one between the 10th and the 25th July, the other between the 10th and the 25th August (and between corresponding dates in subsequent years). Such ships will have the option of calling at Bombay after leaving Karachi in order to secure a full complement of passengers.

5. I am to say that the above terms have been provisionally agreed to after careful deliberation between the Bombay Government and the representatives of the Company and have been accepted as satisfactory by the Commissioner of Police. The Governor in Council believes that their acceptance will do much to remove the hardships suffered by Indian pilgrims to the Hedjaz, and will relieve Government and their officers of the embarrassments experienced by them year after year in regulating the traffic on the outward journey and in arranging for the repatriation of the large numbers of indigent pilgrims who remain stranded at Jeddah in the most pitiable circumstances at the close of every pilgrim season.

6. I am accordingly to urge that the Bombay Government may be authorized to enter into a formal agreement with the Company embodying the terms set forth above. In view of the near approach of the first sailings for the coming pilgrim season it is most desirable that the Company should be in a position to notify at a very early date (if possible not later than the 10th May) to pilgrims throughout India their programme of sailings and their schedule of rates, more especially as the latter is graduated with the object of inducing pilgrims to make an early departure and of so preventing a congestion of traffic later in the season. For the same reasons it is important that this Government should, as soon as possible, be in a position to inform the other local Governments concerned of the alterations of the conditions of the pilgrim traffic and more particularly of the institution of the compulsory return-ticket system, so that they in turn may take steps to warn intending pilgrims within their jurisdiction. Failure to take these precautionary measures in time would inevitably result in the arrival in Bombay of large numbers of pilgrims unprovided with sufficient means to purchase tickets under the new conditions, a contingency which might seriously imperil the successful working of the scheme and would certainly cause much inconvenience and anxiety to the police and municipal authorities of the city. I am therefore to express a hope that the Government of India will be pleased to convey their orders regarding the present proposals with the least possible delay and by telegram.

7. I am to add, in conclusion, that the Governor in Council is, with a view to immediate action on receipt of the sanction of the Government of India, taking steps to have the terms of the agreement put into legal form.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 302T.M.—The 27th May 1913.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), His Excellency the Governor in Council makes the following rules, subject to which the Commissioners of the Dacca Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises within the Municipality for domestic purposes only :—

Dacca.

Rules.

1. So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a masonry building paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such building, when such annual value is not less than Rs. 100, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such building for domestic purposes only, subject to the following rules and conditions.

2. The owner or occupier of any masonry building requiring water to be laid on to such building for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office.

3. A fee of Re. 1 must be paid to the Commissioners by such owner or occupier for each building connection before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

4. (1) Each building shall have a separate connection from a service main, and extensions from the communication-pipe of one building to another shall not be allowed.

(2) A branch main may be allowed to rate-payers applying for the same at their own expense and from the branch main connections to

buildings may be extended. Such branch main when laid down shall be the property of the Municipal Commissioners.

5. The owner or occupier of the building in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water mains or pipes, and the cost of such other works, as may be necessitated by, or result from, the work of making such connection.

6. (1) The work required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the building in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) The work must be done under the supervision of an officer appointed by the Commissioners in this behalf, and no connection must be made with the municipal water main except at such time as may be appointed, and in such position as may be selected, by an authorised municipal officer.

7. A building connection shall comprise the following parts of fittings:—

(*a*) a brass or gun-metal ferrule inserted in the main supply pipe;
(*b*) a galvanized iron communication-pipe from the ferrule to the meter;
(*c*) a stop-cock and its surface-box;
(*d*) a meter;
(*e*) service-pipes from the stop-cock to the taps; and
(*f*) taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fitting so presented may, if considered satisfactory by the Chairman, be stamped and samples thereof may be purchased and placed among the standard fittings.

9. The size of the ferrule referred to in clause (*a*) of rule 7 shall be decided by the Commissioners, but its diameter shall not differ from that of the communication-pipe referred to in clause (*b*) of that rule by more than one-fourth inch.

10. (1) The diameter of the communication-pipe shall be determined by the Engineer of the Municipality with regard to average pressure in the main supply pipe at the stand-post nearest to the building for which the connection is required and to the size of the ferrule allowed.

(2) Every communication-pipe must be capable of withstanding the pressure of a column of water, 100 feet in height, and must be of a quality approved of by the Engineer.

(3) No more bends or elbows than are absolutely necessary shall be allowed in any communication-pipe. No bend by heating and no gradual bend or long sweep such as is likely to cause the pipe to split shall be allowed.

11. (1) The stop-cock and its surface-box shall be placed as near as practicable to the point where the supply pipe enters the building or premises to be supplied, but it must not be within any private premises. The surface-box shall be so designed that it can be locked and the key of it shall remain under the control of the Engineer.

(2) The stop-cock shall be capable of adjustment so that the supply to the building may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface-box of approved pattern.

(3) Subject to the provisions of rule 13 no meter shall be touched or interfered with in any way except with the permission of the Chairman.

13. The Commissioners shall depute an authorised person to read every meter not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

14. If the owner or occupier of any building which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same, the Commissioners may, at any time after the expiration of that period and without further notice, disconnect any pipe forming part of the connection made in respect of such building and may recover the cost of disconnecting such pipe from such owner or occupier :

Provided that the disconnection of such pipe shall not relieve any person from any liabilities which he may have incurred under these rules.

15. (1) Every tap shall be of the same size as the pipe to which it is attached, and shall be of brass and of the pattern known as screw-down. Every tap shall be at least three feet above the road level.

(2) The number of taps in a building shall be fixed in accordance with the annual valuation of such building as follows :—

	Annual valuation of building.	Number of taps
	Rs.	
Under	300	1
From	300 to 499	2
From	500 to 1,500	3
Above	1,500	4

16. Whenever any communication-pipe has to be laid across a sewer or open drain or in any place where in the opinion of the Commissioners it is liable to injury or contamination, such pipe must pass through a cast-iron pipe of sufficient length to afford due protection to the communication-pipe.

17. Not more than one cistern connection shall ordinarily be allowed to any building. All cistern connections shall be provided with a ball cock.

18. (1) When a building is within fifty feet of any public drain, a connection from the service-pipes shall not be sanctioned unless and until the applicant constructs a drain of masonry work for carrying off the waste water into the said public drain.

(2) In all other cases a connection shall not be sanctioned unless and until the applicant makes provision, to the satisfaction of the Commissioners, for draining away waste water.

19. When the Commissioners are satisfied that any owner or occupier of a building having a connection from the service-pipes has wilfully wasted filtered water or has wilfully contravened or failed to observe any of the above rules and conditions they may turn off the water from such building.

20. The owner or occupier of buildings having communication-pipes shall not be allowed to store water in masonry reservoirs, except with the special sanction of the Municipal Commissioners.

SESSION 1913-14.

THE COLLEGE DEPARTMENT.

(Affiliated up to B.A. Standard.)

[This College will re-open after the summer vacation on the 26th June 1913.]

THE College is affiliated to the Calcutta University up to the B.A. Standard in Sanskrit (Pass and Honours), English, Bengali, History and Philosophy (Pass and Honours). Students reading for the I.A. have to take up English, Bengali, Sanskrit, History and Logic. Permission has been given to the students of this College to attend lectures on Honours Philosophy in the Presidency College.

Due provision has been made for looking over exercises and rendering tutorial help to the pupils of each class in every subject of study.

Monthly fee is Rs. 5, but 40 students of the College Department, who fulfil certain special conditions, receive their instruction on payment of Rs. 2 a month.

Six scholarships each of Rs. 10 a month are awarded on the results of the annual examination of the first-year class to deserving students of the second-year class, and one of Rs. 20 and two of Rs. 16 a month are awarded on the results of the annual examination of the third-year class to deserving students of the fourth-year class. There are also post-graduate scholarships open to the students of the M.A. class.

CALCUTTA,
The 18th May 1913.

SATIS CHANDRA VIDYABHUSANA,
Secretary, Board of Sanskrit Examinations.

PROSPECTUS OF THE GOVERNMENT COMMERCIAL INSTITUTE.

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates but in a liberal manner.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, and Banking and Currency, ending annually in Commercial Course Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists or Book-keepers, and of gaining an intelligent insight into the economical, financial or legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial firms or in Government offices generally, and who, if he is destined for commercial life and is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, has the makings of a more useful assistant aspiring to be a businessman.

THE DAY COURSE.

4. There are two day classes, a first-year class and a second-year class For the students of these classes the following course of study is prescribed :—

(1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.

(2) Arithmetic, including commercial and mental arithmetic.

(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.

(4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.

(5) Commercial Geography.

5. Arrangements are made to enable those students who may wish to do so to take up two or all of the following subjects, namely, book-keeping, shorthand-writing and typewriting.

6. *English.*—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

7. *Modern Bengali, including Bengali commercial correspondence, etc.*—In Bengali "Kapalkundala" by Bankim Chandra Chatterjea is prescribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis* in Bengali of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed, and *vice versâ*.

8. *Commercial Geography.*—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are "Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "Elementary Commercial Geography" by H. R. Mill, and "A School Economic Atlas" by J. G. Bartholomew.

9. *Commercial and Mental Arithmetic.*—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic" are used.

10. *Shorthand.*—During the first year of the course the students are thoroughly grounded in the theory of Pitman's Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. "Pitman's Shorthand Instructor" is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

11. *Typewriting.*—The "Touch" system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years' course. Dexterous students are found capable of attaining the maximum speed prescribed for the examination, viz., 55 words per minute. The intermediate standard of speed test is 40 words per minute. They have also to pass a tabulating examination corresponding to each speed test.

12. *Book-keeping.*—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have a satisfactory grounding in English and Arithmetic. In this course there is taught a Double Entry system with simple accounts and commercial transactions. Students are taught to open and keep the following books: Journal, Purchase Day Book, Sales Day Book, Cash Book, Bill Book and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and preparation of Balance Sheet and Profit and Loss Accounts.

13. The fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

14. The classes are held between 11 A.M. and 4 P.M. except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

15. The session begins annually about the end of June and closes about the middle of April. The usual Autumn and Christmas holidays are given.

16. Candidates who have passed the "C" class examination of high schools or the Matriculation examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a

preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

17. Graduates and Intermediates may be admitted in the second-year class, provided they take up only Typewriting among the subjects mentioned in section (4), paragraph 4. They may be allowed to take up Shorthand or Book-keeping, provided they have sufficient knowledge in Shorthand or Book-keeping, as the case may be.

18. Candidates for admission should send in their applications to the Principal annually before the end of June.

THE EVENING COURSE.

The session begins annually about the end of June and closes about the middle of April.

19. There are at present Evening classes for the following subjects: Shorthand-writing, Typewriting and Book-keeping.

20. If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees arepaid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Modern English.

21. A student may be a member of one or more classes at his option.

22. *Shorthand.*—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturdays and holidays).

23. *Typewriting.*—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 P.M. and the second from 6-30 to 8 P.M. (except on Saturdays and holidays).

24. *Book-keeping.*—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

(*a*) In the first-year class, ending with the Commercial Course Special Examination in Elementary Book-keeping, the course is similar to that prescribed for the day course.

(*b*) In the second-year class ending in the Commercial Course Special Examination in Advanced Book-keeping, the course includes matters as under:—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and recoupment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are

dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

25. Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

26. *Examinations.*—The following examinations are held annually in April :—

(1)	The Commercial Course Final Examination.		
(2)	A Special Examination in		Mercantile Law.
(3)	Ditto	ditto	Banking and Currency.
(4)	Ditto	ditto	Outline of Political Economy.
(5)	Ditto	ditto	Annuities and Insurance.
(6)	Ditto	ditto	Modern English.
(7)	Ditto	ditto	Book-keeping (Elementary).
(8)	Ditto	ditto	Book-keeping (Advanced).
(9)	Ditto	ditto	Shorthand-writing.
(10)	Ditto	ditto	Typewriting.

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination.

27. *Prizes.*—First and second prizes of Rs. 50 and 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects :—

Modern English, Shorthand, Advanced Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance, and Economy.

Three prizes are offered by the Remington Typewriter Company to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

28. The Commercial Course Final Examination at the end of the two years' Day Course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

29. Up till now the Institute has turned out 279 successful candidates in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could, therefore, make the best use of the training received here, have risen above the level and are now drawing from Rs. 60 to Rs. 120, some of them having even received two or three increases in the course of a year and are reported to be shaping very well in their respective spheres.

30. The Bengal Chamber of Commerce has recently issued a circular letter containing a request to its members to make it a rule to take the

passed students of the Day classes, whenever possible, in preference to other clerks.

In its Notification No. 4122Mis., dated the 24th November 1911, the Government has recognised the comprehensiveness and thoroughness of the course of studies prescribed for our Final Examination by adopting it, with slight elimination and addition, for the Secretariat Clerical Service Examination, and has declared our successful candidates in the Final Examination as eligible to appear for it along with those who have passed the Intermediate and higher examinations of an Indian University.

31. Candidates for admission should send in their applications to the Principal annually before the end of June.
